## **SESSION REPORT**

During the period of lockdown, SST College of Arts and Commerce had organized various national and international level webinars on various academic subjects and so far conducted more than 50 webinars on various subjects. Similarly, recently in association with Guru Angad Dev Teaching Learning Centre (GAD-TLC) of Union Ministry of HRD under PMMMNTT Scheme, a national level webinar on E-Learning, E-content and Copyright Issues was organized.

In today's global epidemic, the online education system has emerged as an alternative to real education. The webinar was organized with the aim of training teachers on this new method. The Chief Guest and keynote speaker for the Webinar was Hon'ble Vice Chancellor of PDM University in Haryana & Chairman of GAD-TLC. Dr. A. K. Bakshi gave guidance on E-Learning, E-Content in very simple language and with various real life examples.

In addition, Dr. Vimal Rah, Project Head and Joint Director, GAD-TLC provided guidance on copyright. More than 3000 teachers took advantage of this webinar.

Based on the response and the feedback from the participants, the founder principal of SST College of Arts and Commerce, Dr. Purswani felt the need of such webinars and we will be very keen to organize such webinars/workshops/seminars so that teachers' knowledge can be updated as per the changing times.

# एसएसटी कॉलेज द्वारा राष्ट्रीय स्तर के वेबिनार का आयोजन

उल्हास खबरदार

उल्हासनगर: लाकडाउन के दौरान एसएसटी कॉलेज द्वारा विभिन्न शैक्षिक विषयों पर राष्ट्रीय और अंतरराष्ट्रीय स्तर के वेबिनार आयोजित किये गए और विद्यादान उपक्रम के विभिन्न विषयों पर 40 से ज्यादा वेबिनार आयोजित किये गए। उसी श्रृंखला को आगे बढ़ाते हुए हाल ही में केंद्रीय जनशक्ति विकास मंत्रालय के तत्वावधान में ई-शिक्षा, ई-सामग्री और कॉपीराइट पर एक राष्ट्रीय वेबिनार का आयोजन किया गया था।

दरअसल आज की वैश्विक महामारी में ऑनलाइन शिक्षा प्रणाली वास्तविक शिक्षा के विकल्प के रूप में उभरी है। इस नई पद्धति पर शिक्षकों को प्रशिक्षित करने के उद्देश्य से वेबिनार का आयोजन किया गया था। उक्त आयोजन में मुख्य वक्ता हेतु हरियाणा में पीडीएम विश्वविद्यालय के कुलपति और जीएडी-टीएलसी के अध्यक्ष डॉ. ए. के. बखशी द्वारा ई-लर्निंग, ई-कॉन्टेंट पर बहुत ही सरल भाषा में और विभिन्न उदाहरणों के साथ मार्गदर्शन किया गया। उसके

अलावा डॉ. विमल राह, प्रोजेक्ट हेड और संयुक्त निदेशक, जीएडी-टीएलसी द्वारा भी कॉपीराइट पर मार्गदर्शन प्रदान किया गया।

बता दे कि 3 हजार से अधिक शिक्षकों ने उस वेबिनार का लाभ उठाया। वहीं एसएसटी कॉलेज के संस्थापक प्राचार्य डॉ. पुरस्वानी ने कहा कि भविष्य में भी इस तरह के वेबिनार कॉलेज द्वारा आयोजित किये जाएंगे ताकि शिक्षकों को भी आधुनिकता के अनुसार अपडेट किया जा सके।

## **SESSION REPORT**

During the period of lockdown, SST College of Arts and Commerce had organized various national and international level webinars on various academic subjects and so far conducted more than 60 webinars on various subjects. Similarly, recently in association with Guru Angad Dev Teaching Learning Centre (GAD-TLC) of Union Ministry of HRD under PMMMNMTT Scheme, a national level webinar on E-Learning, E-content and Copyright Issues was organized on 08<sup>th</sup> September, 2020.

Recently, the new education policy 2020 was announced by Government of India. In the light of new NEP – 2020, the need was felt regarding how we can achieve excellence and that too in present challenging time. So in association with GAD –TLC we organized a National Webinar on the same. The Chief Guest and keynote speaker for the Webinar was Hon'ble Vice Chancellor of PDM University in Haryana & Chairman of GAD-TLC. Dr. A. K. Bakshi gave guidance on How to excel in Higher Education in India in the light of NEP – 2020? in very simple language and with various real life examples.

In addition, Dr. Vimal Rah, Project Head and Joint Director, GAD-TLC also shared the need and importance of being digital. More than 1200 teachers took advantage of this webinar.

Based on the positive responses and the feedback from the participants, the founder principal of SST College of Arts and Commerce, Dr. Purswani felt the need of such webinars and we will be very keen to organize such webinars/workshops/seminars so that teaching fraternity can be updated as per the changing times.

## SESSION REPORT

During the period of lockdown, SST College of Arts and Commerce had organized various national and international level webinars on various academic subjects and so far conducted more than 70 webinars on various subjects. Similarly, recently in association with Guru Angad Dev Teaching Learning Centre (GAD-TLC) of Union Ministry of HRD under PMMMNTT Scheme, a national level webinar on **EFFECTIVE IMPLEMENTATION OF FLIPPED CLASSROOM MODEL TO ENHANCE THE QUALITY OF TEACHING - LEARNING** was organized on 27<sup>th</sup> December, 2020.

Recently, the new education policy 2020 was announced by Government of India. In the light of new NEP – 2020, the need was felt regarding how we can achieve excellence and that too in present challenging time. So in association with GAD –TLC we organized a National Webinar on the same. The Chief Guest and keynote speaker for the Webinar was Hon'ble Vice Chancellor of PDM University in Haryana & Chairman of GAD-TLC. Dr. A. K. Bakshi gave guidance on How to excel in Higher Education in India in the light of NEP – 2020? in very simple language and with various real life examples.

In addition, Dr. Vimal Rah, Project Head and Joint Director, GAD-TLC also shared the need and importance of being digital. More than 600 teachers took advantage of this webinar.

Based on the positive responses and the feedback from the participants, the founder principal of SST College of Arts and Commerce, Dr. Purswani felt the need of such webinars and we will be very keen to organize such webinars/workshops/seminars so that teaching fraternity can be updated as per the changing times.

How to attract students in classroom topic may be covered in upcoming webinars.

I feel the fast spreading of any initiative happens when the active listeners become the future speaker. so if the certified listener can teach the students of their own domain about the value of modern ICT tools and can certify them then it will be better for all learners at any level.

## SESSION REPORT

During the period of lockdown, SST College of Arts and Commerce had organized various national and international level webinars on various academic subjects and so far conducted more than 75 webinars on various subjects. Similarly, recently in association with Guru Angad Dev Teaching Learning Centre (GAD-TLC) of Union Ministry of HRD under PMMMNMTT Scheme, a national level webinar on **SYSTEMATIC DATA ORGANIZATION IN REVISED ACCREDITATION FRAMEWORK OF NAAC** was organized on 28<sup>th</sup> February, 2021.

Under the revised guidelines by NAAC, the need was felt regarding how we can compile and organize the data under revised Accreditation Framework of NAAC. So in association with GAD –TLC we organized a National Webinar on the same. The Chief Guest and keynote speaker for the Webinar was Hon'ble Vice Chancellor of PDM University in Haryana & Chairman of GAD-TLC. Dr. A. K. Bakshi gave guidance on **SYSTEMATIC DATA ORGANIZATION IN REVISED ACCREDITATION FRAMEWORK OF NAAC** in very simple language and with various real life examples.

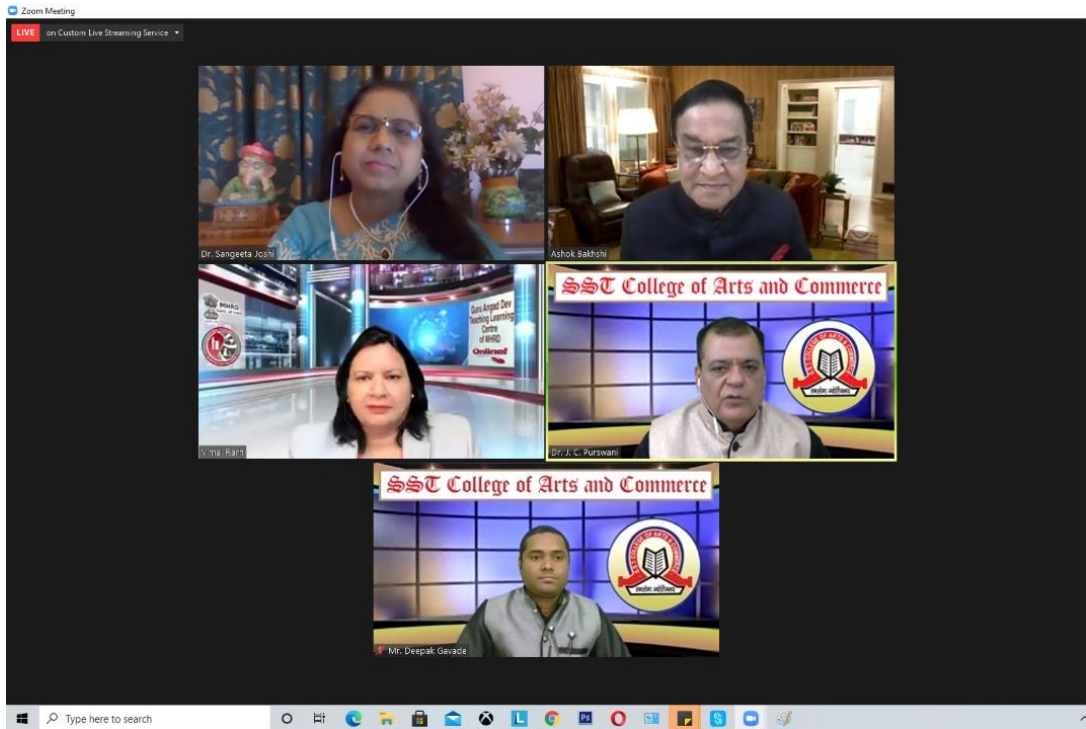

In addition, Dr. Vimal Rah, Project Head and Joint Director, GAD-TLC also shared the need and importance of being digital. More than 950 teachers took advantage of this webinar.

Based on the positive responses and the feedback from the participants, the founder principal of SST College of Arts and Commerce, Dr. Purswani felt the need of such webinars and we will be very keen to organize such webinars/workshops/seminars/FDPs, so that teaching fraternity can be updated as per the changing times.

**The Spoken Tutorial Project**

- Self-explanatory: uses simple language
- Audio-video: uses multisensory approach
- Small duration: has better retention
- Learner-centered: learn at your own pace
- Learning by doing: learn and practise simultaneously
- Empowerment: learn a new FLOSS (Free/Libre and Open Source Software)

**Target Group**

- Students- High School and College
- Working professional- Software users, developers and trainers
- Research scholars
- Community at large

**Workshops**

The Spoken Tutorial Project Team conducts workshops on Java and other FLOSS using spoken tutorials and gives certificates to those who pass an online test. For more details, please visit <https://spoken-tutorial.org>

**Forum**

We have developed a beginner friendly Forum to answer specific questions pertaining to any part of a particular tutorial. For more details, please visit <https://forums.spoken-tutorial.org>

**Introduction**

- Java is the most popular class-based, object-oriented, high-level programming language.
- Developed by James Gosling at Sun Microsystems and released in 1995 as a core component of Sun Microsystems' Java platform.
- Derives much of its syntax from C and C++.
- Is typically compiled to bytecode (class file). It can be run on any Java Virtual Machine (JVM) regardless of the architecture.
- Is specifically designed to have few implementation dependencies.
- Is intended to let application developers write a code that runs on one platform & does not need to be recompiled to run on another.

**Java has characteristics of Object-Oriented languages**

- **Inheritance:** Creating new classes & extending them to reuse the existing code and adding new features as needed.
- **Encapsulation:** combining the information and providing the abstraction.
- **Polymorphism:** Providing different functionality by the functions having the same name, based on the signatures of the methods.
- **Dynamic binding:** Providing maximum functionality to a program about the specific type at runtime.

**Features**

**Platform independence:**  
Key feature of Java language is write-once-run-anywhere (WORA) concept. With Java, you can run the code written on any system.

**Simplicity:**  
Programs are easy to write and debug. Java provides a bug-free system due to strong memory management.

**Portability:** Java feature write-once-run-anywhere makes it portable, provided that the system has an interpreter for JVM. Also, Java has standard data size irrespective of the OS or the processor.

**Performance:** Uses native code and lightweight process called threads. The advance version of JVM uses adaptive and just-in-time compilation technique to improve the total performance.

**Distributed:** Widely used protocols like HTTP and FTP are developed in Java. Internet programmers can call functions on these protocols and can access the files from any remote machine on the internet, rather than writing codes on their local system.

**Secure:**

- Programs in Java run under an area known as the sandbox.
- Security manager determines the accessibility options of a class like reading and writing a file to the local disk.
- Uses public key encryption system to allow the java applications to transmit over the internet, in a secure and encrypted form.
- The bytecode verifier checks the classes after loading.

**Robust:**

- Java has
- Strong memory allocation.
- Automatic garbage collection mechanism.
- Powerful exception handling.
- Type-checking mechanism.
- A compiler that checks the program for any errors and interpreter checks any runtime errors and makes the system secure from crashes.

## SYLLABUS

### Introduction

- Java is the most popular classbased, objectoriented, highlevel programming language.
- Developed by James Gosling at Sun Microsystems and released in 1995 as a core component of Sun Microsystems' Java platform.
- Derives much of its syntax from C and C++.
- Is typically compiled to bytecode (class file). It can be run on any Java Virtual Machine (JVM) regardless of the architecture.
- Is specifically designed to have few implementation dependencies.
- Is Intended to let application developers write a code that runs on one platform & does not need to be recompiled to run on another.

### Contents

1. Getting started java Installation
  - Install jdk from Synaptic Package Manager
  - Choose openjdk6jdk from the list of packages available
  - Mark it for installation
  - The installation will take a few seconds
  - Verify the installation
  - At the command prompt type java version, so the version number of the jdk will be displayed
  - Run a simple java program and see if it works
  - Type javac TestProgram.java for compiling the code and java TestProgram for executing the code
2. First Java Program
  - write simple java program
  - print "My First Java Program!" on Console
  - save the file
  - file name given to the java file
  - compile the file
  - run the file
  - correct the errors
  - naming conventions for class
  - naming conventions for method
  - naming conventions for variable
3. Installing Eclipse
  - Install Eclipse on Ubuntu on the Terminal
  - Set up the proxy on the Terminal
  - Then fetch the list of all the available softwares
  - Type sudo aptget update

- Then install eclipse on the Terminal
  - Type sudo aptget install eclipse
  - Verify if Eclipse is installed on the system
  - Installing Eclipse on Debian,Kubuntu,Xubuntu
  - Installing Eclipse on Redhat
  - Installing Eclipse on Fedora,centos and suse linux
4. Getting started Eclipse
- Eclipse is an Integrated Development Environment
  - It is a tool on which one can write, debug and run java programs easily
  - Open Dash Home and type Eclipse in the search box.
  - We get Workspace Launcher
  - On clicking on Workbench we get the Eclipse IDE
  - Go to File>New>Project and select Java Project
  - Create a project named EclipseDemo and create a class inside DemoClass
  - Learn about Package Explorer and Editor portlet
5. Hello World Program in Eclipse
- Open Eclipse
  - Create a Java Project named DemoProject
  - Create a class named DemoClass
  - Class name and file name will be the same
  - Eclipse suggests various possibilities as we type a command
  - Eclipse also completes the parentheses by automatically adding the closing parentheses
  - Include the statement that we want to print
  - Eclipse also completes the quotes by adding the closing quote
  - Compile and execute the program
  - Change the code to print
6. Errors and Debugging in Eclipse
- When writing a Java Program, here is a list of typical errors:
  - Missing semicolon(;)
    - Missing double quotes(" ")
    - Mismatch of filename and classname
    - Typing the print statement n lower case
    - The line which has the error will be indicated with a red cross mark on the left margin
    - The list of errors is displayed by hovering the mouse over the cross mark
  - Create a class ErrorFree with Errors, debug the code and run it
  - Eclipse also offers intelligent fixesBasic

## 7. Programming features Eclipse

- Auto completion
- Sets the corresponding closing brace when we open the brace
- Provides a dropdown list of methods when you start typing the code
- Syntax highlighting
- Classname is highlighted in pink colour and method in blue colour
- Keyboard shortcuts
- F11 to debug a program and Ctrl+H to search a specific file
- Error highlighting
- Cross symbol in the program denotes errors
- Remove semicolon and error details are displayed when mouse is hovered over cross symbol

## 8. Numerical Datatypes

- define datatypes and numerical datatypes
- int
- float
- byte
- short
- long
- double
- range of each numerical datatypes
- declaration and initialization of numerical datatypes
- valid and invalid declaration

## 9. Arithmetic Operations

- Define an operator
- Define arithmetic operators
- Addition
- Subtraction
- Multiplication
- Division
- Modulo
- Simple program to demonstrate arithmetic operators
- Appropriate datatypes for appropriate values
- save, compile and run the program

## 10. Strings

- char datatype
- letter, digit, punctuation marks, tab, or space are all characters
- Program explaining the variable and the character data
- Introduction to strings
  
- Creating string by Direct Initialization
- Creating string by using new operator

- String length()
- String concat()
- String toUpperCase()
- String toLowerCase()

#### 11. Primitive type conversions

- define type conversion or type casting
- higher order integer to lower order integer Explicit type casting
- program to show explicit type casting
- common mistake in explicit type casting.
- program to show common mistake in explicit type casting
- lower order integer to higher order integer – Implicit type casting
- program to show implicit type casting
- char to integer
- integer to char
- program to show char to int type casting.

#### 12. Relational Operations

- boolean datatype
- equal to
- not equal to
- less than
- less than or equal to
- greater than
- greater than or equal to

#### 13. Logical Operations

- use of logical operators
- and (&&) operator
- example to explain and operator
- program to demonstrate and operator
- or (||) operator
- example to explain or operator
- (program to demonstrate or operator
- not (!) operator
- program to demonstrate not operator
- save, compile and run the programs

#### 14. if else

- Conditional Statements and types of Conditional Statements
- Use of if statement
- Syntax for if statement
- Program using if statement
- Use of if else statement
- Syntax for if else statement

- Program using if else statement
- Use of if else if statement
- Syntax for if else if statement
- Program using if else if statement

#### 15. Nested if

- explain nested if
- nested if syntax
- program to demonstrate nested if
- explain the control flow of the program
- explain ternary operator
- syntax for ternary operator
- explain the syntax
- program to demonstrate ternary operator
- comparison between ternary operator and nested if
- save, compile and run the program

#### 16. Switch Case

- define switch case statement
- compare switch and nested if
- switch case syntax
- working of a switch case statement
- use of keyword switch
- valid and invalid use of keyword case
- use of keyword default
- use of keyword break
- program to demonstrate switch case statement
- save, compile and run the program to check the output

#### 17. while loop

- Loop control statement
- types of loop control statements
- Introduction to while loop
- syntax of while loop
- Program using while loop
- Check the output.
- Introduction to infinite loop
- loop variable modification
- Check the output
- How to terminate the infinite loop

#### 18. For Loop

- introduction to for loop
- for loop syntax
- loop variable

- loop condition
- loop variable increment or decrement
- loop block
- flow of loop
- advantage of using loop

#### 19. do while

- define do while
- do while syntax
- working of do while loop
- example of do while loop
- explain the do while programming
- save, compile and run the program to check the output
- how different is it from the while loop
- program to demonstrate the differences

#### 20. Introduction to Array

- about arrays.
- declare an array
- initialize an array
- initialization using for loop
- index of an array elements
- change values of an array
- print the value of an array
- advantage of an array.

### Certificate for Completion of Java Training

This is to certify that **SHUBHANGI DHALE** has successfully completed **Java** test organized at **S.S.T College of Arts and Commerce** by **DEEPA AGRAWAL** with course material provided by the Spoken Tutorial Project, IIT Bombay. Passing an online exam, conducted remotely from IIT Bombay, is a pre-requisite for completing this training.

**BHAVIKA MULCHANDANI** from **S.S.T College of Arts and Commerce** invigilated this examination. This training is offered by the Spoken Tutorial Project, IIT Bombay.

**Introduction**

HTML, which stands for HyperText Markup Language, is the predominant markup language for web pages. HTML elements are the basic building-blocks of web pages. HTML is written in the form of HTML elements consisting of tags, enclosed in angle brackets, within the web page content. The purpose of a web browser is to read HTML documents and compose them into visible or audible web pages. The browser does not display the HTML tags, but uses the tags to interpret the content of the page.

**Features of HTML**

- HTML allows images and objects to be embedded and can be used to create interactive forms.
- It provides a means to create structured documents by denoting structural semantics for text such as headings, paragraphs, lists, links, quotes and other items.
- It can embed scripts in languages such as JavaScript which affect the behaviour of HTML webpages.
- Web browsers can also refer to Cascading Style Sheets (CSS) to define the appearance and layout of text and other material.
- The W3C, maintainer of both the HTML and the CSS standards, encourages the use of CSS over explicitly presentational HTML markup.

**Uses of HTML**

To create:

- Static websites
- Web pages
- Web forms

## REPORT

### Objectives:

A major transformation in energy generation and consumption towards renewable energy through the involvement of public

The course was conducted between 13th August 2020 to 30th August 2020 by SST college of Arts and Commerce in association with Energy Swaraj Foundation. In this course, two links were provided to the students for watching 15 videos related to the course and to appear for the final quiz. So students watched all the 15 videos and they were given 32 questions for the final quiz. Out of which 25 questions need to be solved correctly for being eligible for E-certificate. Around \_\_\_ no students participated in the course.

### The Energy Swaraj Foundation

The Energy Swaraj Foundation is a not-for-profit organization, formed to establish Energy Swaraj across the world. The motto of the ESF is “Energy by Locals for Locals”. The Foundation believes that not through the governments around the world or its policies, but through the involvement of the public, a major transformation in energy generation and consumption towards renewable energy can be achieved. The Foundation in its ‘public movement’ mode of operations, works with the people to provide them affordable, reliable and complete energy solutions.

The Foundation collaborates with local academic institutions to establish “Energy Swaraj Ashrams” or solar incubation centers to enable and nurture local entrepreneurs. Such localized operations are key to establishing Energy Swaraj.

Vidyadaan is an educational initiative launched by Mr. Subhash Ghai, the chairman of the Media and Entertainment Skills Council (MESOC) in India. One of the notable collaborations under this initiative is with the SST College of Arts and Commerce in Ulhasnagar, Maharashtra.

Under this collaboration, the college has providing students with an opportunity to learn and hone their skills in various fields such as film-making, acting, cinematography, script-writing, and more.

The collaboration between Vidyadaan and SST College is an effort to bridge the gap between education and employability for underprivileged youth, who often lack the resources and opportunities to pursue higher education or vocational training. By providing quality education and training, the initiative aims to empower the students with the necessary skills and knowledge to secure employment in the media and entertainment industry.

Overall, the collaboration between Vidyadaan and SST College is a positive step towards creating opportunities for underprivileged youth in the field of media and entertainment, and it has the potential to make a significant impact on the lives of many young people in the region.

**AND WHEREAS, MESC** through its Education & Skill Development initiatives will work closely with its members and Industry Associations to help improve the quality of the employable skills of students of **COLLEGE**. In this regard, there are various short, medium and long-term courses undertaken to meet this objective.

Now it is hereby mutually agreed amongst both parties to this MoA and binds themselves to the terms and conditions enumerated in succeeding paragraphs:

#### Roles and Responsibility of COLLEGE

- a) To appoint a Board of studies to vet the courses and suggest suitable changes. A member of MESC shall be the nominated/ invited member of the Board.
- b) Ensure monitoring of the courses and obtain feedback for the utility of the courses being offered.
- c) To arrange infrastructure at existing Institute premises or with industry partners to carry out training batches, thus enabling to utilize the existing infrastructure and other facilities present in the said premises.
- d) To enable a congenial atmosphere for mobilization of the trainees/students.
- e) To assist for promotional support so as to publicize the initiative for skill development and to facilitate mobilization of trainees.
- f) To assist provision for training equipment as and when required.
- g) To develop the infrastructure.
- h) COLLEGE being esteemed training institution will play as knowledge partner for MESC.
- i) COLLEGE will undergo the NSQF-aligned MESC courses.
- j) COLLEGE will arrange Training of Trainers.
- k) There will be no financial role of MESC in arrangement between COLLEGE and the Industry body.
- l) COLLEGE will pay the assessment fee to MESC.

#### Roles and Responsibility of MESC

- a) To assist COLLEGE in aligning the curriculum with the identified Media and Entertainment qualification packs and national occupational standards for B-Voc, BSC, BA and other Course Curriculum related to Media and Entertainment.
- b) To facilitate training of trainers and help in provisioning of Master Trainers from the industry, on as required basis.
- c) Develop industry linkages to enable the students to have practical training and skill development on the job.
- d) To ensure quality of training delivery by adopting a stringent accreditation process for training service providers, assessments and certification of trainees.
- e) To conduct assessment and issue certificate.
- f) Assessment will be carried out as per the QP progression matrix aligned to NSQF.

## MAHARASHTRA SAHITYA PARISHAD ULHASNAGAR

Maharashtra Sahitya Parishad Ulhasnagar is a literary organization that aims to promote and preserve Marathi literature and culture. In collaboration with SST College of Arts and Commerce, the organization has undertaken various activities to achieve its objective.

One of the primary objectives of this collaboration is to create a platform for students and writers to come together and share their thoughts and ideas. To achieve this, the Maharashtra Sahitya Parishad Ulhasnagar conducts various literary events and workshops at SST College, inviting renowned Marathi writers and scholars to interact with the students.

Through these events, students get an opportunity to learn from experts in the field and gain insights into various aspects of Marathi literature and culture. This also helps in fostering a love for the language and encourages students to take up writing and literary activities.

## Report On

### A gathering of literary and literature lovers

On 24th February 2020, Maharashtra Sahitya Parishad Ulhasnagar collaborated with SST College of Arts and Commerce to organize a gathering of literary and literature lovers. The event was attended by students, faculty members, and renowned Marathi writers.

The chief guest of the event was Dr. Shrikant Deshpande, the Chairman of Maharashtra Sahitya Parishad Ulhasnagar. He addressed the gathering and spoke about the importance of promoting Marathi literature and culture among the younger generation.

The event included various activities such as poetry recitation, essay writing competition, and a panel discussion on the topic 'Marathi Literature and its Relevance in Modern Times.' The students actively participated in all these activities, showcasing their passion and love for Marathi literature.

Renowned Marathi writers and scholars also shared their experiences and insights with the students. They spoke about the rich literary heritage of Maharashtra and emphasized the need to preserve it for future generations.

### SUMMARY:-

The students of SST COLLEGE had the privilege of attending Virtually webinar conducted by RBI Mumbai and gathered some practical Insights, on December 16, 2020. It was primarily an Financial & Literary educational webinar t but the real time dynamics that students got to learn was something which enriched their knowledge even beyond textbooks or curriculum. The webinar started with the students being taken to the monetary museum virtually, wherein they were shown a small audio video which was a small compilation of the origin of currency and the evolution of money since the 1st piece of metal exchanged to the current system. They talked about the challenges faced by currency at each level and the changes that were made in it to suit changing trade patterns. Smt Radha Explained about the saving habits to students and the new concept of Paytm Bank. Also she asked to enroll themselves for nomination Facilities. Shri.

Kishor Gohil gave a brief presentation on RBI Monetary Museum, also explained about Govt. Jeevan Jyoti yojana initiated by finance Ministry. She further emphasized on how to remember tricky password when on-line banking. Mrs. Neelima Mam Explained in details what amount you will receive when the tor notes or mutilated notes are surrender to banks or RBI and also informed all banks whether they have account or not Notes are to be exchanged. Finally Mr.NitinBhalero Explained various types of Banking scams and procedure to register complaints and when to appeal. This was then followed by Vote of Thanks by Prof Padma Deshpande.
