As an authorized study Centre of Skill India – a campaign launched by Prime Minister Narendra Modi on 15th July 2015 with an aim to train over 40 crore (400 million) people in India in different skills by 2022.

Over the years, SST College has carved a niche for itself in the field of education as a premier institute for educational excellence. At SST College, we are dedicated towards creating tomorrow's leaders and supporting today's pioneers. We offer the opportunity to work in groups that are small enough to develop a supportive team culture but big enough to provide the necessary diversity of experience and expertise. Our institution provides education service of the highest quality, both curricular and co-curricular, so that our students can integrate skills and serve industry and society well at a global level. Every child has a hidden potential to bring something unique to the world and we at SSTC provide him/her with an opportunity to identify their uniqueness.

FROM THE PRINCIPAL

Welcome to SST Campus!

Dear Parent,

Living in an era that is marked by revolutionary changes in technology every second, it becomes paramount for an educational institution to keep up the changing times. Education of new millennium needs to be technologically innovative and challengingly creative. It should prepare the students for challenges of tomorrow; at the same time, our rich cultural heritage should be taught to be appreciated and respected.

SST College opens up a wonderful world of Knowledge, Learning, Opportunities and skills to every student who enters its gates. It is a world of true enlightenment where excellence is the motto, manifestation of perfections is the goal, and where moral, social and intellectual values are the essence. It is a world where your son/daughter learns not to merely classroom subjects, but also our country's rich traditions and cultural heritage.

Innovative teachings methodologies, integrated approach to the development of the student's personality, the right atmosphere to build talent, and a nurturing environment to accomplish our mission are the salient features at SSTC.

While welcoming your child into our fold, I take this opportunity to congratulate you for your discerning choice of the right place that provides the right education in the right environment.

With Warm Regards

Principal
Dr. J. C. Purswani

CERTIFICATE COURSE – GST

BRIEF REPORT:

The multi-staged tax structure has charges from the State and Union governments separately, leading to cascading effect of taxes. There are taxes at different rates and at multiple points. The Center has taxes like Income tax, service tax, central sales tax, excise duty and security transaction tax while at the State level it includes VAT or sales tax, octroi, state excise, property tax, entry tax and agriculture tax. These taxes lead to increased tax burden on the Indian products affecting the prices and sales in the domestic as well as international markets. GST will basically have three kinds of taxes namely Central, State and one called integrated GST that will help to tackle inter-state transactions. Under the current GST tax reform, all forms of supply of goods and services like transfer, sale, barter, exchange and rental will have a CGST and SGST. GST will bring in transparent and corruption-free tax administration, removing the current shortcomings of the supply chain owing to the multi-layered policies.

Through this Certificate Course the students understood the purpose of GST, its method of implementation, implication, benefits and roadblocks. This certificate course was successfully completed by 35 students.

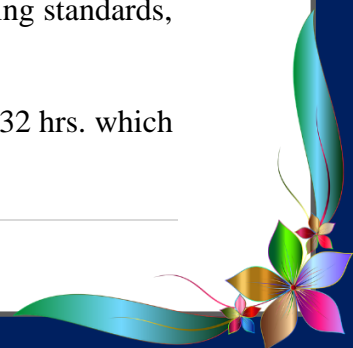

CERTIFICATE COURSE – ACCOUNTING STANDARDS

BRIEF REPORT:

Accounting Standards (AS) are basic policy documents. Their main aim is to ensure transparency, reliability, consistency, and comparability of the financial statements. They do so by standardizing accounting policies and principles of a nation/economy. So the transactions of all companies will be recorded in a similar manner if they follow these accounting standards. These Accounting Standards (AS) are issued by an accounting body or a regulatory board or sometimes by the government directly. In India, the Indian Accounting Standards are issued by the Institute of Chartered Accountants of India (ICAI). Accounting Standards mainly deal with four major issues of accounting, namely Recognition of financial events, Measurement of financial transactions, presentation of financial statements in a fair manner, Disclosure requirement of companies to ensure stakeholders are not misinformed. Accounting standards ensure the financial statements from multiple companies are comparable. Because all entities follow the same rules, accounting standards make the financial statements credible and allow for more economic decisions based on accurate and consistent information. Learning Accounting Standards will help in Improving Reliability. Increase Comparability, attain uniformity, and prevent frauds and accounting manipulation.

Through this Certificate Course the students understood the purpose of accounting standards, its method of implementation, implication, benefits and disadvantages.

The Certificate Course in the prescribed format was conducted for a duration of 32 hrs. which was attended by 41 students.

PROGRAMMES AND COURSE OUTCOME

PROGRAM OUTCOME

POs are declarations concerning the knowledge, abilities, and attributes a graduate should possess. POs deal with the general aspect of graduation for a specific programme as well as the skills and knowledge a graduate will have upon programme completion.

COURSE OUTCOME

Course Outcomes (COs) are statements of essential understanding that students should have and be able to actually exhibit at the end of a course. The course (learning) outcomes specify the skills, talents, and behaviour that students should be able to exhibit. For each course, the course coordinator prepares the course outcomes.

PROGRAM EDUCATIONAL OBJECTIVES

The career and professional accomplishments that the programme is preparing its graduates to achieve are outlined in the programme educational objectives (PEOs). Four to five years after graduating, PEOs are evaluated.

A successful outcome-based curriculum must integrate each course's outcome with the desired programme outcomes (POs) and program-specific outcomes (PSOs). Looking at how thoroughly the outcomes are covered and assessed in the curriculum is made possible by the CO-PO mapping. The department has established its own PSOs of each course in accordance with the programme outcomes specified by the university curriculum and advice from industry experts using Bloom's Taxonomy – recommended action verbs for different learning levels. In order to deliver education adopting a student-centric approach and a teaching and learning process that is outcome-focused, the Institute has introduced outcome-based education (OBE).

Program Outcomes (POs), Program Specific Outcomes (PSOs) of all the UG and PG Programmes have been disseminated to the stake holders via college website (www.sstcollege.edu.in) & College Notice Boards.

The Board of Studies (BOS) for each programme deliberates and approves these COs. The College Website and the College Notice Board both display the COs for each course (www.sstcollege.edu.in). A correlation is established between COs and POs, PSOs on the scale of 1 to 3.

Scale	Indication
1	Low Correlation
2	Medium Correlation
3	High Correlation

AVERAGE CO – PO MAPPING

The average mapping of Program outcomes for the given program is obtained by averaging the levels of mapping for each of the courses. Similarly the averaging is done for Program specific outcomes as well.

A CO – PO Mapping Matrix is prepared for all courses in each program. The Sample CO – PO mapping Matrix is given below

4.2.1 Library Automation: Integrated Library Management System

The SST college library is fully computerized using SOUL 3.0 integrated library management software (ILSM). The collection of the library is available online through the WebOPAC (<http://library.sstcollege.edu.in/>).

Software for University Libraries (SOUL) is a state-of-the-art integrated library management software designed and developed by the INFLIBNET Centre based on the requirements of college and University libraries. It is a user-friendly software developed to work in a client-server environment.

AUTOMATION DETAILS:

Name of the LMS software	SOUL
Nature of Automation	Fully automated
Version	3.0
Year of Automation	May 2018

The following services are operating through SOUL 3.0

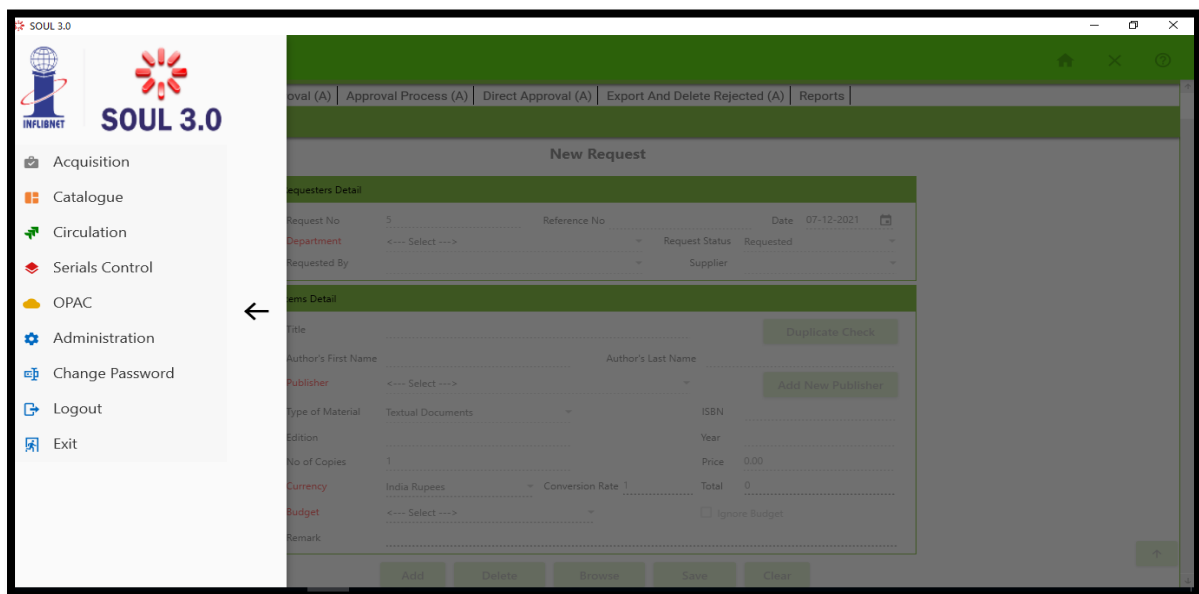

- Acquisition
- Cataloging
- Circulation
- Serial Control
- Stock Verification
- Generation of Reports
 - i. No Dues
 - ii. Check-in and check-out of library visitors
- WebOPAC

The SOUL 3.0 consists of the following Modules:

1. Acquisition module
2. Cataloging module
3. Circulation module
4. Serial control module
5. Administration module
6. OPAC

Following is the home page of the ILMS (SOUL 3.0) admin portal. It has different modules like Acquisition, Catalogue, Circulation, Serial Control, OPAC, and Administration. These modules are used to classify, catalogue, and circulate library materials. Apart from these, it is also used to customize the software according to the college's needs.

Soul 3.0 Modules

Use of Different Modules:

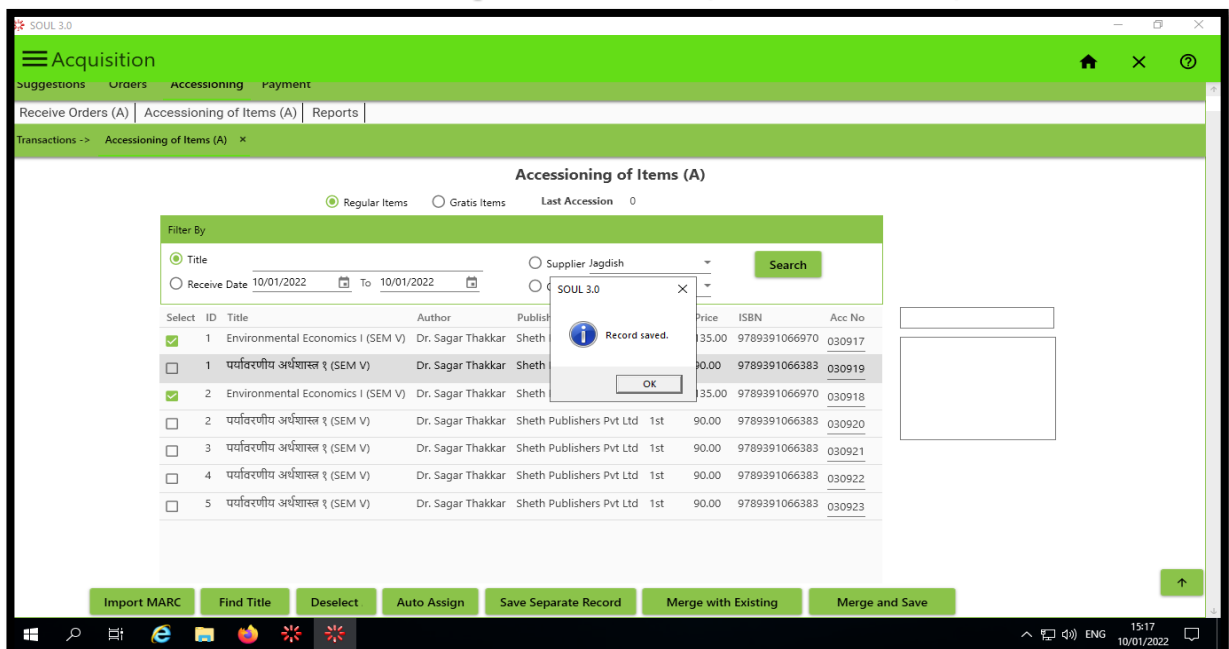

1. Acquisition Module:

The acquisition module enables library staff to handle the following functions:

- Suggestion Management
- Order processing, cancellation, and reminders
- Receipt, payment, and budgetary control
- Feed data of currency, vendors, publishers, etc.

2. Cataloguing Module:
3. Circulation Module
4. Serial Control Module
5. Reports of the various modules
6. OPAC / WebOPAC

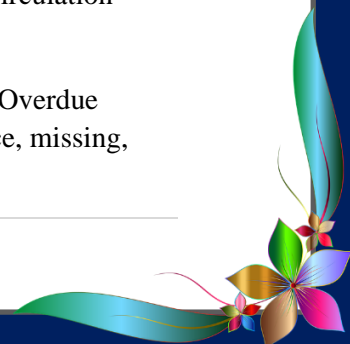

CATALOGUE: Catalogue module is used for retrospective conversion of library resources. The strong features of catalogue module are:

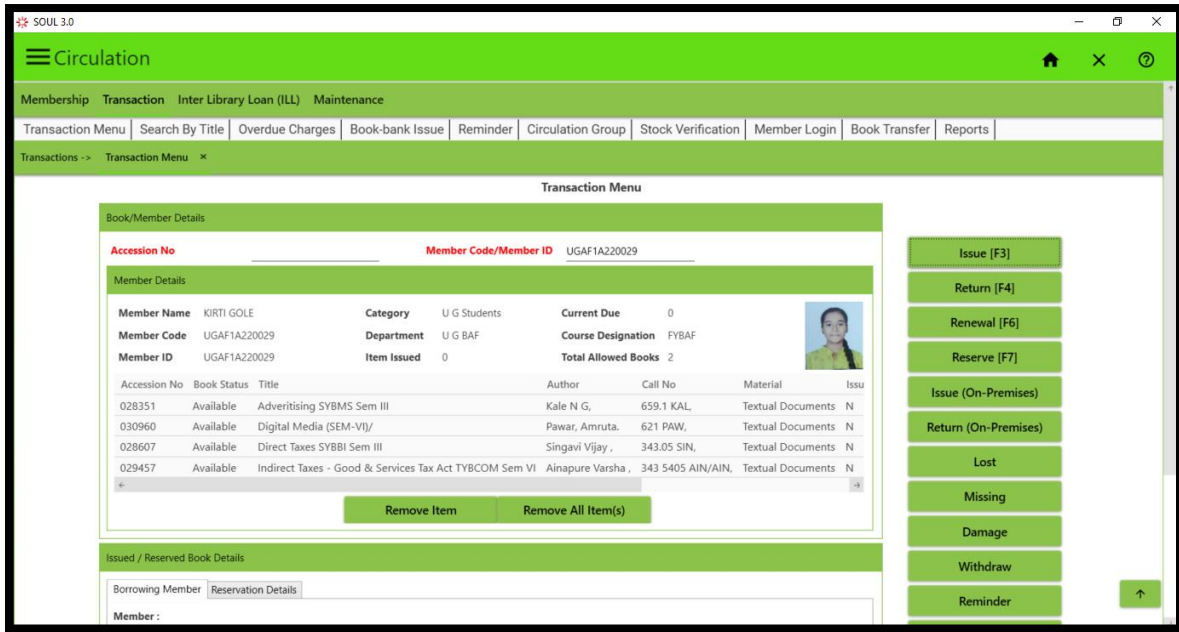

- 1) Allows user-generated customized reports
- 2) Facilitates authority database of person name
- 3) Corporate body, subject headings and series name
- 4) Master database of publishers
- 5) Supports full MARC 21 bibliographic format.

IQAC

The Internal Quality Assurance Cell (IQAC) is a quality assurance mechanism established in 2018 s to ensure that the institution's academic and administrative activities are of high quality and meet the needs and expectations of its stakeholders, including students, parents, faculty, staff, and the community. The IQAC is responsible for developing and implementing policies, procedures, and systems that ensure continuous improvement in the quality of education and the institution's overall performance.

The IQAC's primary objective is to develop a system for conscious, consistent, and catalytic action to improve the institution's academic and administrative performance. It aims to promote excellence in teaching, learning, research, and community service while ensuring the highest standards of integrity, ethics, and social responsibility. The IQAC is also responsible for preparing the institution for accreditation by external agencies such as the National Assessment and Accreditation Council (NAAC) in India or other similar accrediting bodies in other countries.

The IQAC's activities include setting up quality benchmarks, conducting internal audits, organizing faculty and staff development programs, facilitating the creation of policies and procedures, collecting and analyzing data on academic and administrative activities, and preparing reports on the institution's performance. The IQAC also promotes best practices and innovations in teaching, learning, research, and community service and encourages the use of technology and modern methods of education. The IQAC at sstc meets regularly, at least once a quarter, to review the institution's performance and progress towards meeting its goals and objectives.

The functions of the IQAC include:

- Developing and implementing quality benchmarks for various academic and administrative activities.
- Facilitating the creation and implementation of academic and administrative policies and procedures.
- Conducting regular assessments and evaluations of academic programs and administrative processes.
- Identifying areas of improvement and recommending appropriate actions to address them.
- Encouraging the use of technology in academic and administrative activities.
- Promoting research and innovation in the institution.
- Ensuring compliance with regulatory requirements and accreditation standards.

The IQAC is a critical component of SSTC that is responsible for ensuring continuous improvement in the institution's academic and administrative performance. It works towards promoting excellence in teaching, learning, research, and community service while ensuring the highest standards of integrity, ethics, and social responsibility.

REPORT ON TEACHERS DAY

SUMMARY REPORT

We celebrate teachers' day every year throughout the country on 5th September. Students express their gratitude and appreciation for their teachers on this day. This day is dedicated to Dr. Sarvepalli Radhakrishnan – second President of India. The great academic philosopher, and one of the most well-known diplomats, scholar, president of India and above all a teacher. As a tribute to this great teacher, his birthday has been observed as teachers' day.

A celebration conducted at our SST College of Arts and Commerce by our students on 6th September, 2018. The whole function was planned by Asst. Prof. Tushar Wakse with faculty co-coordinators. We decided that the responsibility of teaching is taken up by the students as an appreciation for their teachers.

As per the Indian culture, we always start our work with prayer. Total of 32 students participated to be 'Student-Teachers' on the occasion. Students had prepared a timetable of lectures and practicals for 1st, 3rd and 5th semester from 07:30 a.m. to 12:30 p.m. Students went to class to deliver lectures on the ongoing semester subjects.

On this day, our teaching started as usual at 07:30 a.m. All the students in the role of teachers were seated in the staff room. All other non-participated students were also studying seriously without making any noise or mischief. All participated students were appreciated by giving Pen as our token of love.

REPORT ON GOONJ – ANNUAL FUNCTION

SUMMARY REPORT

Annual Day forms an integral part of our college activities. It is an occasion of celebration, felicitation, feast and festivity when students present not only their wonderful performances but also receive honours for their curricular and co-curricular achievements.

The Annual Day 2018 was woven around the theme ‘Goonj – The Voice of Youth’ and it was followed by the Prize Distribution.

The functions were presided by honourable Founder Principal, Dr. J. C. Purswani. The other dignitaries present were Vice Principal, Dr. Khusboo Purswani, and various members of the management committee. This year we also invited honourable Mr. Kumar Aylani as our Chief Guest.

Founder Principal, Dr. J. C. Purswani extended a warm welcome to all the dignitaries present. The two days long Cultural Show held the audience in awe and left them enlightened as the show culminated.

The Chief Guests praised the show. They congratulated the college. The Annual Prize Distribution function was a moment of pride and honour for all the winners and achievers of the school. The students were awarded prizes in the Academic as well as Co-Curricular areas. The function included Saraswati Vandana, Orchestra by the students and Fusion Dance.

The principal extended a warm welcome to the dignitaries and presented the Annual Report. He read out the achievements of the college – both Academic and Co-curricular and wished success to the students who could not make up for the prizes.

Such professional development programmes improve the teaching learning processes. NAAC had brought our revised format for Self Study Report and hence, our IQAC co-ordinator was deputed to get acquainted with the New NAAC Guidelines.

The teachers were relieved from their College duties for attending the professional development programmes. They received the Certificate of Participation.

PROFESSIONAL DEVELOPMENT / ADMINISTRATIVE TRAINING PROGRAMS

In the academic year 2018-19, SST College of Arts and Commerce organized two impactful events aimed at enhancing the professional development and bridging the gap between academics and the corporate world. The Guidance Lecture on Basics of Research (12/12/2018) provided staff members with valuable insights into research fundamentals, covering topics such as research methodology and data analysis. This lecture equipped them with the necessary skills to undertake research projects effectively. Additionally, the Seminar on Bridging the Gap between Campus to Corporate (15/11/2018) focused on preparing students for the transition from campus life to the corporate environment. The seminar addressed key aspects such as resume building, interview skills, and professional etiquette, providing students with the necessary tools to succeed in their future careers. These events reflect SST College's commitment to providing holistic education and preparing students for the challenges of the professional world.
