ABOUT THE COLLEGE

SST College of Arts & Commerce is a premier educational institution in Mumbai, Maharashtra established with an aim to equip the youth with quality as well as career oriented education based on high ethical values enabling them to achieve their potential and creative abilities. We empower our students to become responsible and productive members of the society.

Established in 2004, the SST College offers an idyllic environment to students for pursuing higher education and research. Affiliated to the University of Mumbai SST College is a multi-faculty institution of higher education with an enrolment of more than 4,000 students. The College continues to receive the blessings of our GURUJI Shri Sidh Rajguru Thakurnath Yogeshwargi – and Late (Smt.) Leelawanti Purswani.

The College offers XI, XII- Arts, Commerce & Science and UG Programmes in Arts and Commerce and PG Programmes in Commerce, E-Commerce, Computer Science, Information Technology, History, Economics & Education. The College also conducts three year Self financial courses like B.M.S., B.Com. (A & F), B. Com. (B & I), B.Com (FM), B.M.M, B. Sc (I.T), B. Sc (C.S). As an authorized study Centre of Skill India – a campaign launched by Prime Minister Narendra Modi on 15th July 2015 with an aim to train over 40 crore (400 million) people in India in different skills by 2022.

Over the years, SST College has carved a niche for itself in the field of education as a premier institute for educational excellence. At SST College, we are dedicated towards creating tomorrow's leaders and supporting today's pioneers. We offer the opportunity to work in groups that are small enough to develop a supportive team culture but big enough to provide the necessary diversity of experience and expertise. Our institution provides education service of the highest quality, both curricular and co-curricular, so that our students can integrate skills and serve industry and society well at a global level. Every child has a hidden potential to bring something unique to the world and we at SSTC provide him/her with an opportunity to identify their uniqueness.

PRINCIPAL MESSAGE

WELCOME TO SSTC

A FRIENDLY AND CHALLENGING ENVIRONMENT FOR LEARNING

Dear Parent,

First of all, I want to express my deep gratitude to all those who have chipped in their own way to help SSTC reach great heights.

We live in a world where acquisition and application of knowledge is not simply absolute power, but an inner awakening. It is an awakening of a child's inner faculties. It is an awakening that enlightens the mind. It is the light that leads society from darkness of ignorance to the light of knowledge. True education has the power to build minds, to mould great personalities, to create knowledge nations.

SSTC aims at awakening this inner light. It is a learning centre where every moment of imparting knowledge is carefully and meticulously planned. It is an institution where the student is inspired and motivated to use the faculties of the mind to be creative and inventive. It is an excellence centre where the training imparted concentrates on every sphere of education, where student are encouraged to become individualistic, where they learn to respect our age – old traditions & culture and taught to live in harmony with nature; with people around and with all living things on earth.

We are happy that you have chosen SSTC to impart a truly holistic education to your child. We heartily welcome your child to a world of empowering enlightenment.

Be Different, Be Better, Be Ahead

Dr. J. C. Purswani

CERTIFICATE COURSE – WEB DESIGNING

BRIEF REPORT:

In the present modern era basic knowledge of computers is not sufficient, every day a number of websites and blogs are launched. If a person wants to launch their business on the internet and wants to use the website for marketing purposes, they will have to use a Well-Designed Website. A Website gives the first impression of any business. Customers judge the business within a few seconds. If the website looks unappealing or outdated it will create a negative impression of the business which will lead to loss of leads and competition. People don't trust poorly designed websites.

Web Designers can work full time with any organization or they can become Self Employed. They can explore creative ideas, learn unique styles, typography, keynotes, Web Fonts, create mood boards, web animations and many more. Since Web designing is related with Creative Designs and Presentation, the department felt the need to provide practical knowledge and training to the Students.

In this regard, the Department conducted a certificate course which gave the insights of web designing to the students. 23 students successfully completed the course.

CERTIFICATE COURSE – GST

BRIEF REPORT:

The multi-staged tax structure has charges from the State and Union governments separately, leading to cascading effect of taxes. There are taxes at different rates and at multiple points. The Center has taxes like Income tax, service tax, central sales tax, excise duty and security transaction tax while at the State level it includes VAT or sales tax, octroi, state excise, property tax, entry tax and agriculture tax. These taxes lead to increased tax burden on the Indian products affecting the prices and sales in the domestic as well as international markets. GST will basically have three kinds of taxes namely Central, State and one called integrated GST that will help to tackle inter-state transactions. Under the current GST tax reform, all forms of supply of goods and services like transfer, sale, barter, exchange and rental will have a CGST and SGST. GST will bring in transparent and corruption-free tax administration, removing the current shortcomings of the supply chain owing to the multi-layered policies.

Through this Certificate Course the students understood the purpose of GST, its method of implementation, implication, benefits and roadblocks. This certificate course was successfully completed by 35 students.

CERTIFICATE COURSE – ACCOUNTING STANDARDS

BRIEF REPORT:

Accounting Standards (AS) are basic policy documents. Their main aim is to ensure transparency, reliability, consistency, and comparability of the financial statements. They do so by standardizing accounting policies and principles of a nation/economy. So the transactions of all companies will be recorded in a similar manner if they follow these accounting standards. These Accounting Standards (AS) are issued by an accounting body or a regulatory board or sometimes by the government directly. In India, the Indian Accounting Standards are issued by the Institute of Chartered Accountants of India (ICAI). Accounting Standards mainly deal with four major issues of accounting, namely Recognition of financial events, Measurement of financial transactions, presentation of financial statements in a fair manner, Disclosure requirement of companies to ensure stakeholders are not misinformed. Accounting standards ensure the financial statements from multiple companies are comparable. Because all entities follow the same rules, accounting standards make the financial statements credible and allow for more economic decisions based on accurate and consistent information. Learning Accounting Standards will help in Improving Reliability. Increase Comparability, attain uniformity, and prevent frauds and accounting manipulation.

Through this Certificate Course the students understood the purpose of accounting standards, its method of implementation, implication, benefits and disadvantages.

The Certificate Course in the prescribed format was conducted for a duration of 32 hrs. which was attended by 41 students.

PROGRAMMES AND COURSE OUTCOME

PROGRAM OUTCOME

POs are declarations concerning the knowledge, abilities, and attributes a graduate should possess. POs deal with the general aspect of graduation for a specific programme as well as the skills and knowledge a graduate will have upon programme completion.

COURSE OUTCOME

Course Outcomes (COs) are statements of essential understanding that students should have and be able to actually exhibit at the end of a course. The course (learning) outcomes specify the skills, talents, and behaviour that students should be able to exhibit. For each course, the course coordinator prepares the course outcomes.

PROGRAM EDUCATIONAL OBJECTIVES

The career and professional accomplishments that the programme is preparing its graduates to achieve are outlined in the programme educational objectives (PEOs). Four to five years after graduating, PEOs are evaluated.

A successful outcome-based curriculum must integrate each course's outcome with the desired programme outcomes (POs) and program-specific outcomes (PSOs). Looking at how thoroughly the outcomes are covered and assessed in the curriculum is made possible by the CO-PO mapping. The department has established its own PSOs of each course in accordance with the programme outcomes specified by the university curriculum and advice from industry experts using Bloom's Taxonomy – recommended action verbs for different learning levels. In order to deliver education adopting a student-centric approach and a teaching and learning process that is outcome-focused, the Institute has introduced outcome-based education (OBE).

Program Outcomes (POs), Program Specific Outcomes (PSOs) of all the UG and PG Programmes have been disseminated to the stake holders via college website (www.sstcollege.edu.in) & College Notice Boards.

The Board of Studies (BOS) for each programme deliberates and approves these COs. The College Website and the College Notice Board both display the COs for each course (www.sstcollege.edu.in). A correlation is established between COs and POs, PSOs on the scale of 1 to 3.

Scale	Indication
1	Low Correlation
2	Medium Correlation
3	High Correlation

AVERAGE CO – PO MAPPING

The average mapping of Program outcomes for the given program is obtained by averaging the levels of mapping for each of the courses. Similarly the averaging is done for Program specific outcomes as well.

A CO – PO Mapping Matrix is prepared for all courses in each program. The Sample CO – PO mapping Matrix is given below.

SSTIAN RESEARCH AND CONSULTANCY CELL (SSTRAAC)

SSTian Research and Consultancy Cell (SSTRACC) of SST College established in 2019 coordinates the institution's research activities and makes efforts to foster a supportive research culture on campus. The Cell monitors, helps with, and assesses the research operations. It offers a forum for facilitating discussions, disseminating research findings, and keeping up with the most recent advancements in the research community.

VISION

The College has played a significant role in promoting research and consulting through its dedicated faculty members in the fields of science, the arts, and business. At the national and international levels, the college faculty members have published works with high citation counts and impact factors. In order to strengthen research activities, the college encourages high-quality research in rapidly developing scientific fields and other areas of social importance. Our objective is to reach a higher level of competence comparable to that of world-class research institutes and elite universities.

MISSION

To encourage and motivate faculty, research scholars, and students to publish articles in peer-reviewed journals, as well as to facilitate their active participation in conferences, seminars, workshops, and symposiums for the advancement of their knowledge and the continuation of quality research that contributes to the development and growth of the nation through socioeconomic and scientific outcomes.

ITS OBJECTIVES ARE :

- To review research and project proposals from the faculty and institution before submitting them to sponsoring agencies.
- It conducts regular evaluations of the institution's overall research activities and its development programmes.
- To assist in developing the proposals for holding seminars, workshops, and conferences.
- Exchange of faculty to foster multidisciplinary research

SSTRACC organises an International National Conference and Nav-pravartan research convention every year to bring together all the scholars, mentors, students, and academicians to reflect on their research areas and to share their thoughts on the creation of new knowledge as part of its initiative to achieve excellence in research and to develop as a thought leadership centre.

The conference empowers students and faculty members at the institution to network.

- Determine research frameworks, survey them, and list the prevailing paradigms.
- Develop Effective research writing applications
- Learn about patents, intellectual property rights, and funding organisations and programmes.
- Provide an opportunity for the institution's students and teachers to present their research work for the year.
- Present a resource compendium on socially responsible research and bring forth significant researchable challenges.

Concerning the accomplishments of research centres, we participated in the Avishkar research convention hosted by Mumbai University, and two students were chosen for the final round. Out of the ten papers published in the previous academic year (2021-22). We encourage project-based learning, and 40 students attended the Avishkar research convention and the Nav-Pravartan research convention.

SSTIAN INNOVATION AND BUSINESS INCUBATION CENTRE (SIBIC)

Institution has created an eco system for innovations including Incubation centre and other initiatives for creation and transfer of knowledge.

An eco system has been created in the institution to promote innovation, transfer of knowledge and entrepreneurship. As part of innovation, SSTian Innovation and Business incubation Center (SIBIC) has been set up in the year 2011-2012 for nurturing innovative ideas from the students. Initial amount has been sanctioned by Trust to establish SIBIC in the institution for 11 years starting from the academic year 2011-12. As part of this initiative, Ideation contests were conducted every year. The students participated in large number and showed enthusiasm towards innovation and its practice. The institute provided necessary facilities and financial support upto to carry out each of these projects. A Committee consisting of experts from diverse fields representing industry, banking and other allied areas are involved in the short listing of innovative ideas for pursuing further.

As part of choice based education system, the students are encouraged to take up co- curricular activities involving project based learning which culminate into creation of innovative knowledge helpful for the society. Students are encouraged to take up research projects as part of their semester V and Semester VI project work. Students are encouraged to take up and participate in code development activities such as Hackthons and Coding contests etc., which train the students towards innovation.

Faculty is encouraged to conduct research activities and make publications in the journals of repute for knowledge sharing. The institution has the practice of conducting various workshops and conferences periodically for creation and sharing of knowledge. They are also encouraged to contribute to national and international conferences conducted outside the institution as part of this initiative. Similarly some of the faculty members have published technical books as a part of initiative for knowledge creation and transfer. The faculty has been encouraged to take up Intellectual Property rights as an initiative towards innovation and knowledge sharing. The faculty delivers guest lectures and expert lectures to other institutions as part of knowledge sharing.

The club has organized many programs for students and faculty students in activities including formulation of business plans, sourcing of funds for projects and managing various dimensions of business such as purchase, production, inventory, accounting, marketing and quality control, designing and reporting. In collaboration with the Ecology “ Best out of Waste”, Program was conducted. Students collected waste materials , recycled and converted to T- Shirts and sold out in the campus.

Energy Swaraj Foundation organized a Boot Camp for 600 students and 40 faculty collaborating with SSTian SIBIC (SSTian Innovation and Entrepreneurship Development Cell). They gained hands on experience in various dimensions of designing a Solar System.

The Diwali sale, a long-standing tradition, gives visibility and recognition to our alumni entrepreneurs and other scholars.

4.2.1 Library Automation: Integrated Library Management System

The SST college library is fully computerized using SOUL 3.0 integrated library management software (ILSM). The collection of the library is available online through the WebOPAC (<http://library.sstcollege.edu.in/>).

Software for University Libraries (SOUL) is a state-of-the-art integrated library management software designed and developed by the INFLIBNET Centre based on the requirements of college and University libraries. It is a user-friendly software developed to work in a client-server environment.

AUTOMATION DETAILS:

Name of the LMS software	SOUL
Nature of Automation	Fully automated
Version	3.0
Year of Automation	May 2019

The following services are operating through SOUL 3.0

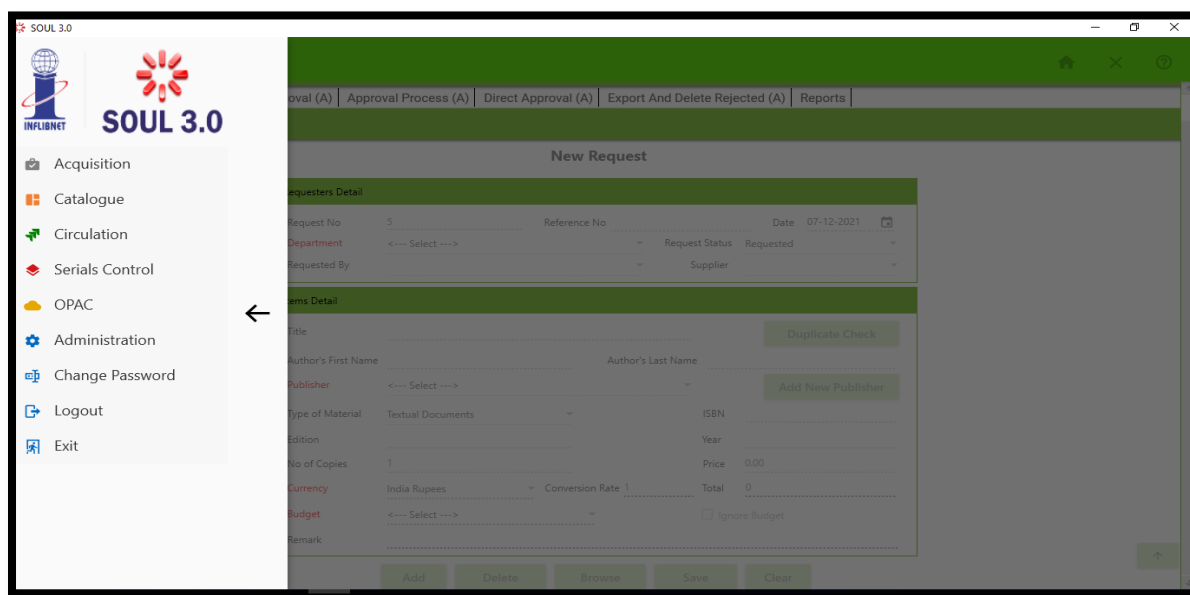

- Acquisition
- Cataloging
- Circulation
- Serial Control
- Stock Verification
- Generation of Reports
 - i. No Dues
 - ii. Check-in and check-out of library visitors
- WebOPAC

The SOUL 3.0 consists of the following Modules:

1. Acquisition module
2. Cataloging module
3. Circulation module
4. Serial control module
5. Administration module
6. OPAC

Following is the home page of the ILMS (SOUL 3.0) admin portal. It has different modules like Acquisition, Catalogue, Circulation, Serial Control, OPAC, and Administration. These modules are used to classify, catalogue, and circulate library materials. Apart from these, it is also used to customize the software according to the college's needs.

Soul 3.0 Modules

Use of Different Modules:

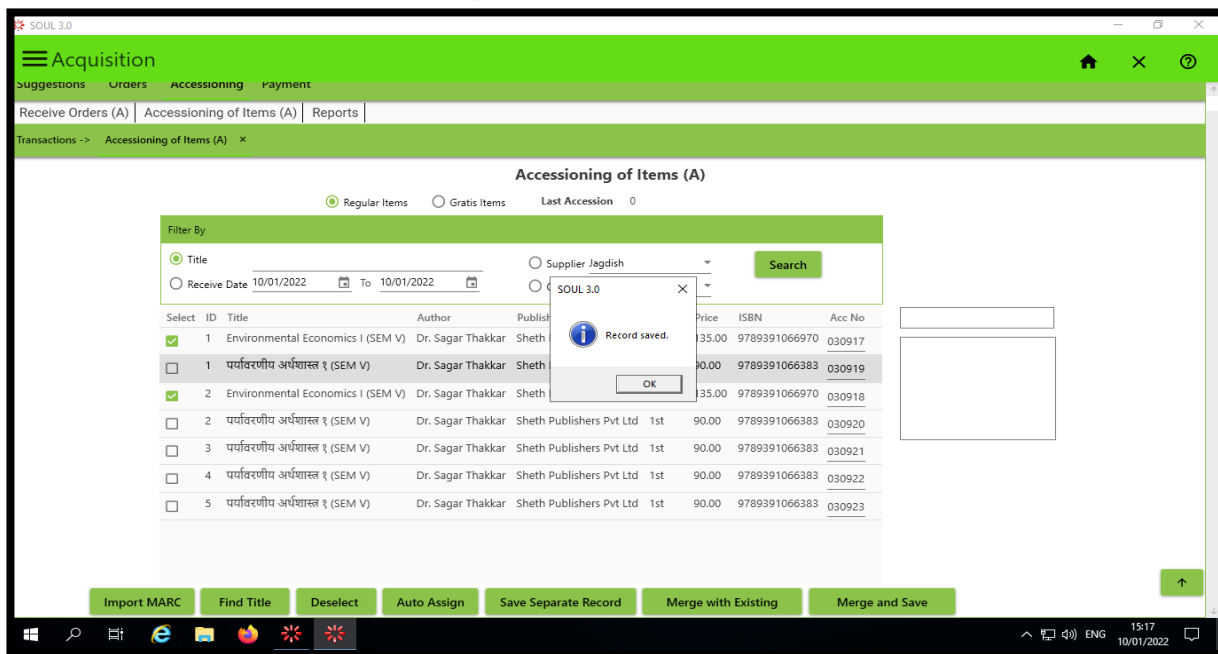

1. Acquisition Module:

The acquisition module enables library staff to handle the following functions:

- Suggestion Management
- Order processing, cancellation, and reminders
- Receipt, payment, and budgetary control
- Feed data of currency, vendors, publishers, etc.

IQAC

The Internal Quality Assurance Cell (IQAC) is a quality assurance mechanism established in 2018 s to ensure that the institution's academic and administrative activities are of high quality and meet the needs and expectations of its stakeholders, including students, parents, faculty, staff, and the community. The IQAC is responsible for developing and implementing policies, procedures, and systems that ensure continuous improvement in the quality of education and the institution's overall performance.

The IQAC's primary objective is to develop a system for conscious, consistent, and catalytic action to improve the institution's academic and administrative performance. It aims to promote excellence in teaching, learning, research, and community service while ensuring the highest standards of integrity, ethics, and social responsibility. The IQAC is also responsible for preparing the institution for accreditation by external agencies such as the National Assessment and Accreditation Council (NAAC) in India or other similar accrediting bodies in other countries.

The IQAC's activities include setting up quality benchmarks, conducting internal audits, organizing faculty and staff development programs, facilitating the creation of policies and procedures, collecting and analyzing data on academic and administrative activities, and preparing reports on the institution's performance. The IQAC also promotes best practices and innovations in teaching, learning, research, and community service and encourages the use of technology and modern methods of education. The IQAC at sstc meets regularly, at least once a quarter, to review the institution's performance and progress towards meeting its goals and objectives.

The functions of the IQAC include:

- Developing and implementing quality benchmarks for various academic and administrative activities.
- Facilitating the creation and implementation of academic and administrative policies and procedures.
- Conducting regular assessments and evaluations of academic programs and administrative processes.
- Identifying areas of improvement and recommending appropriate actions to address them.
- Encouraging the use of technology in academic and administrative activities.
- Promoting research and innovation in the institution.
- Ensuring compliance with regulatory requirements and accreditation standards.

The IQAC is a critical component of SSTC that is responsible for ensuring continuous improvement in the institution's academic and administrative performance. It works towards promoting excellence in teaching, learning, research, and community service while ensuring the highest standards of integrity, ethics, and social responsibility.

REPORT ON GANESH FESTIVAL

SUMMARY REPORT

With the tradition of our college, we celebrate Ganeshostava every year. This year too, we celebrated Ganeshostava with full of energy and with innovation.

Every year we come up with a unique concept that gives a message to society, same way with celebrated eco-friendly Ganpati this year at campus. The Ganpati idol was made of paper cups by the students of the committee.
