INDEX

ABOUT THE COLLEGE

SST College of Arts & Commerce is a premier educational institution in Mumbai, Maharashtra established with an aim to equip the youth with quality as well as career oriented education based on high ethical values enabling them to achieve their potential and creative abilities. We empower our students to become responsible and productive members of the society.

Established in 2004, the SST College offers an idyllic environment to students for pursuing higher education and research. Affiliated to the University of Mumbai SST College is a multi-faculty institution of higher education with an enrolment of more than 4,000 students. The College continues to receive the blessings of our GURUJI Shri Sidh Rajguru Thakurnath Yogeshwargi – and Late (Smt.) Leelawanti Purswani.

The College offers XI, XII- Arts, Commerce & Science and UG Programmes in Arts and Commerce and PG Programmes in Commerce, E-Commerce, Computer Science, Information Technology, History, Economics & Education. The College also conducts three year Self financial courses like B.M.S., B.Com. (A & F), B. Com. (B & I), B.Com (FM), B.M.M, B. Sc (I.T), B. Sc (C.S). As an authorized study Centre of Skill India – a campaign launched by Prime Minister Narendra Modi on 15th July 2015 with an aim to train over 40 crore (400 million) people in India in different skills by 2022.

Over the years, SST College has carved a niche for itself in the field of education as a premier institute for educational excellence. At SST College, we are dedicated towards creating tomorrow's leaders and supporting today's pioneers. We offer the opportunity to work in groups that are small enough to develop a supportive team culture but big enough to provide the necessary diversity of experience and expertise. Our institution provides education service of the highest quality, both curricular and co-curricular, so that our students can integrate skills and serve industry and society well at a global level. Every child has a hidden potential to bring something unique to the world and we at SSTC provide him/her with an opportunity to identify their uniqueness.

FROM THE PRINCIPAL DESK

> " Tomorrow, the world will be different.
> Be the one to make that difference.
> **BE IRREPLACEABLE** "

I feel elated in extending a warm welcome to all the enthusiastic & vibrant aspirants of the SST family and assure you that the portals of SST will support you to realize your potential and become valuable contributors to the society.

I also extend my heartiest thanks to all the parents and students and gratitude to all the stakeholders whose trust in us and our accomplishments over the years exemplifies the success of our educational model and endows with abundance of strength.

International exposure though our collaboration and association with top Universities of the world continue to enrich the academic scenario and enhance the bench marks at SSTC. Research at undergraduate level is adding great value to the learning experience of young scholars. National and International awards and honours in sports with extra-curricular activities, continually pouring on our students is ensuring their spirited zest and self confidence to carve their niche in the world and in turn, make their world a better place.

We turned challenges of the COVID times into strengths among our students by standing upto the uninterrupted process of learning and positive development of young minds. We now stand fully prepared for the new session of the academic year and with welcoming vivacity look forward to have you all on campus.

The time which you spend in SSTC during your seminal years will hone you to embark upon your journey confidently and soar ahead with an outstanding take off.

With Warm Regards

Principal
Dr. J. C. Purswani

CERTIFICATE COURSE – GANDHISM

BRIEF REPORT:

The Bachelor of Arts programme does not include Principles and Practices of Management as a subject, hence an effort was made at the departmental level to bridge this gap. Being true in one's thoughts, words, and deeds is the central and distinguishing aspect of Gandhianism. Mahatma Gandhi promoted a way of life based on self-sufficiency and simplicity known as Satya, or Truth. In order to resolve the fundamental disparities between individuals at all levels, one should first admit and accept this truth. Then, one should never use violence. In order to build and manage numerous procedures and processes to run a company in a more effective and efficient manner, business organizations utilize management practices that incorporate ideas like planning, organizing, controlling, directing, coordinating, leadership, and communication. Students were able to comprehend Mahatma Gandhi's thoughts and vision as well as their relevance to contemporary management practices through this certificate programme in Gandhism.

The Department of Arts offered a Certificate Course in Gandhism, and 85 students successfully completed the course.

CERTIFICATE COURSE – INTERNATIONAL MONETARY FUND

BRIEF REPORT:

The IMF supports economic policies that encourage financial stability and monetary cooperation, which are crucial to raising productivity, creating jobs, achieving sustainable economic growth, and reducing poverty globally. It works to achieve sustainable growth and prosperity for all 190 of its member countries. This course was chosen to educate all students, regardless of their areas of specialization. The students will gain an understanding of the IMF's history, composition, and operation as well as its role in global trade and economi FYCS, as well as how it has occasionally helped India economically by offering the

necessary advice while formulating various national policiesa 32-hour Certificate Course was offered in the format that was specified.

The course was successfully completed by 75 students.

CERTIFICATE COURSE – WEB DESIGNING

BRIEF REPORT

Basic computer literacy is no longer sufficient in the modern world, as new blogs and websites are launched every day. If someone wants to start a business online and use the website for marketing, they must use a well-designed website. Any business's website serves as its initial impression. Customers form opinions about a company in just a few seconds. The business will lose leads and face increased competition if customers think the website is unattractive or out-of- date. People don't trust websites with poor design.

Web designers have the option of working full-time for any company or going it alone. They can experiment with original concepts, discover distinctive typography, keynotes, and web fonts, make mood boards, develop web animations, and do a lot more. Since web design is associated with Creative Designs and Presentation, the department believed it was necessary to give students instruction and practical understanding.

In this sense, the Department offered a certificate programme that taught students an understanding of web design. The course was successfully completed by 55 students**.**

CERTIFICATE COURSE – WEB DESIGNING & VOICE OVER

BRIEF REPORT

Video content is one of the most efficient methods for businesses to engage with their audience, especially in the digital world we live in. Video content is one of the most attention- grabbing forms of media. Voice overs are frequently utilized to advance plotlines, convey stories, and give an intimate glimpse into the minds of the characters. By evoking emotions and offering clarity, they help films' visual compositions to better connect with viewers and make an effect. Voice overs are used to fill in the blanks in interviews and documentaries, improve gameplay, and make concepts clearer.

As Video content becomes more popular the use of Voice over Services is growing important as it helps in business expansion across borders. Seeing the growing importance of Voice Over an attempt was made by the Department of BAMMC to impart Practical Training of Voice to the Students.

The Certificate Course in the prescribed format was conducted for a duration of 32 hrs.which was successfully completed by 25 students.

CERTIFICATE COURSE – FINANCIAL PLANNING

BRIEF REPORT

Financial planning is the process of figuring out how to make money, save it, and spend it, as well as how much you'll need to make, invest, and spend. Planning your finances can help you manage your money and achieve your financial goals.

Goals and methods for achieving them can both be better understood with the aid of financial planning. Planning a budget, developing financial discipline, gaining insight into future finances, understanding return on investments, various investment modes, ways to increase savings, planning for taxes and retirement, etc. are all aided by this. An effort was made to provide practical information on investment planning and management through this certificate programme.

72 students benefited from the Certificate Course that the Department of FYBCOM created and delivered.

CERTIFICATE COURSE – SUPPLY CHAIN MANAGEMENT

BRIEF REPORT

The importance of logistic FYCS, which is necessary for the effective flow and storage of commodities from the point of origin to the point of consumption, has increased as a result of the business sector's rising complexity. The supply chain, which includes shipping, receiving, storing, and managing all related regions, is an essential component of this operation. Information, transportation, inventory, warehousing, material handling, packaging disposal, and security are all areas where logistiFYCS is used in the corporate world. One of a company's primary responsibilities is logistiFYCS, and the supply chain is a complicated process that depends on a web of separate but linked moving pieces.

The Department of FYBCOM conducted a Certificate Course on Supply Chain Management to provide basic knowledge to the learners about the LogistiFYCS and Supply chain Management.

The Certificate Course in the prescribed format was conducted for a duration of 32 hrs.which was attended by 88 students.

CERTIFICATE COURSE – GST

BRIEF REPORT

Charges from the State and Union governments separately are included in the multi-stage tax structure, which causes taxes to cascade. Taxes are levied at various points and at varying rates. At the State level, taxes include VAT or sales tax, octopi, state excise, property tax, entry tax, and agriculture tax. The Center has taxes like income tax, service tax, central sales tax, excise duty, and security transaction tax. These levies raise the tax burden on Indian goods, which has an impact on both domestic and foreign market prices and sales. In essence, the GST will have three different tax types: central, state, and an integrated GST that will help with interstate trade. All methods of providing goods and services, including transfer, sale, barter, exchange, and renting, will be subject to the CGST and SGST under the current GST tax reform. The introduction of GST will result in transparent and anti-corruption tax administration, fixing the supply chain's current problems brought on by complicated policies.

Through this Certificate Course, the students gained an understanding of the GST's objectives, implementation strategy, implications, advantages, and challenges. 66 students successfully completed this certificate programme.

CERTIFICATE COURSE – ACCOUNTING STANDARDS

BRIEF REPORT

Basic policy papers are Accounting Standards (AS). Their fundamental goal is to guarantee the financial statements' dependability, consistency, transparency, and comparability.

They accomplish this by harmonizing a country's or economy's accounting standards and practices. As a result, if organizations adhere to these accounting rules, all transactions will be documented similarly. These Accounting Standards (AS) are issued by an accounting body or a regulatory board or sometimes by the government directly. In India, the Indian Accounting Standards are issued by the Institute of Chartered Accountants of India (ICAI). Accounting Standards mainly deal with four major issues of accounting, namely Recognition of financial events, Measurement of financial transactions, presentation of financial statements in a fair manner, Disclosure requirement of companies to ensure stakeholders are not misinformed. Accounting standards ensure the financial statements from multiple companies are comparable. Because all entities follow the same rules, accounting standards make the financial statements credible and allow for more economic decisions based on accurate and consistent information. Learning Accounting Standards will help in Improving Reliability. Increase Comparability, attain uniformity, and prevent frauds and accounting manipulation. Through this Certificate Course the students understood the purpose of accounting standards, its method of implementation, implication, benefits and disadvantages.

The Certificate Course in the prescribed format was conducted for a duration of 32 hrs. which was attended by 31 students.

CERTIFICATE COURSE – DIGITAL MARKETING

BRIEF REPORT

Digital marketing has changed considerably over time as the Internet has grown. Everything we encounter online, including advertisements, articles, photographs, and other content, is tied to digital marketing. Online product or service promotion can be accomplished through the use of digital marketing strategies and tacti FYCS. The key objectives are to create leads and draw in an audience. Social media, search engines, emails, and other areas of digital marketing are just a few examples. The complexity and significance of responsibilities in digital marketing have grown over time as well; it is a large industry with many different subsectors. Digital marketing activities include creating an online presence for a business, managing advertising campaigns, and creating content strategy. Companies across all industries are concentrating on creating strong online presences, which is why careers in digital marketing are expanding. The demand for and supply of experts in digital marketing are significantly out of balance. The department made an effort to give practical training for a developing Career Option because the Bachelor of Management Studies focuses more on the Management and Functional Aspects of Business.

This Certificate Course was designed and managed by the department which benefited 60 students.

CERTIFICATE COURSE – MANAGEMENT INFORMATION SYSTEM

BRIEF REPORT

MIS is a concept that combines man, machine, marketing, and techniques for gathering information from both internal and external sources and processing it to aid in the business's decision-making process. An integrated group of components or entities known as MIS work together to accomplish a specific function, goal, or objective. It is a computer-based system that offers data for making decisions about organizing, planning, and managing the operations of a firm's subsystem. Software and hardware are also included. Technological revolutions in all sectors has increased the need for access to large amount of selective information required for Complex Tasks and Decisions, Managers need to be kept abreast with the factors that influence the organization product and services, Managers are increasingly relying on MIS to take accurate and up to date decisions. MIS also helps in automation and incorporation of research and management science techniques. Based on this relevancy, MIS needs to be better understood by the Students and hence an attempt was made by the department to introduce it as a separate Introductory Course.

The Certificate Course in the prescribed format was conducted for a duration of 32 hrs. which was successfully completed by 50 students.

CERTIFICATE COURSE – CSR

BRIEF REPORT

A company's attempts to promote accountability, responsibility, and transparency in areas that are most important to its strategy and business are referred to as corporate social responsibility (FYCSR). Corporate social responsibility is designed to help the community, support charitable endeavors, and add value to society. Businesses are increasingly relying on FYCSR to make a difference and enhance their company's reputation. Students who study FYCSR may become more conscientious of the goods they use and the businesses that produce them. Environmental responsibility, ethical duty, philanthropic obligation, and economic responsibility are all aspects of corporate social responsibility.

The department held the aforementioned course to accomplish the goals mentioned above 35 students took advantage of this opportunity and finished the course successfully.

CERTIFICATE COURSE – FINANCIAL PLANNING

BRIEF REPORT

The process of determining how to earn, save, and spend money, as well as how much you'll need to earn, save, and spend, is known as financial planning. You can manage your money and reach your financial objectives by making a plan for your finances. Financial planning can be used to better understand both goals and strategies for reaching them. This helps with budgeting, financial discipline, financial awareness, understanding return on investment, different investment modes, techniques to enhance savings, planning for taxes and retirement, etc. Through this certificate programme, an effort was made to deliver useful information on investment planning and management.

The Certificate Course developed and administered by the Department of FYBCOM (B&I) benefited 40 students.

CERTIFICATE COURSE – UI/UX

BRIEF REPORT

Usability and accessibility are crucial since our daily lives depend more and more on technology and software. This is where UX and UI come into play in the development of websites and mobile applications; UI and UX design are the fundamental components of a user-friendly and openly accessible product. But it goes beyond merely web and app development; UI and UX design are also needed for computers, home appliances, and other electronic devices. UX and UI are essential parts of the modern world, and many businesses will be on the lookout for candidates who have some experience with either one of these design prospects. As we ride the wave of the fourth Industrial Revolution, technology takes the front seat, and companies will be wanting to furnish users with smooth and slick digital experiences. A certificate course in UI/IX was established to equip students with the skills that are required today. The Certificate Course was offered in the format recommended for 32 hours, and 44 students successfully finished it.

CERTIFICATE COURSE – GRAPHIC DESIGNING

BRIEF REPORT

The process of producing visual content for mass information/message dissemination is known as graphic design. Graphic design, which is thought of as a subset of communication design, is used to produce visual content utilizing components including images, colors, typography, illustrations, and icons. Today, graphic design is used to make logos, designs for books, newspapers, and magazines, advertisements, product packaging, signage, and other things of the like. Images, animation, and graphiFYCS aid in the communication of concepts and messages. Graphic designers use text and graphiFYCS to convey concepts and ideas in a virtually infinite number of professional contexts. You may design a magazine's layout or create visuals for a website. Billboards, logos, and advertising can all be designed. The flexibility to create material without being constrained by programming, resolution, or speed is frequently sufficient for graphic designers. A certificate programme in graphic design was developed to equip students with the skills of the day. 36 students participated in the 32-hour Certificate Course that was held according to the guidelines.

PROGRAMMES AND COURSE OUTCOME

PROGRAM OUTCOME

POs are declarations concerning the knowledge, abilities, and attributes a graduate should possess. POs deal with the general aspect of graduation for a specific programme as well as the skills and knowledge a graduate will have upon programme completion.

COURSE OUTCOME

Course Outcomes (COs) are statements of essential understanding that students should have and be able to actually exhibit at the end of a course. The course (learning) outcomes specify the skills, talents, and behaviour that students should be able to exhibit. For each course, the course coordinator prepares the course outcomes.

PROGRAM EDUCATIONAL OBJECTIVES

The career and professional accomplishments that the programme is preparing its graduates to achieve are outlined in the programme educational objectives (PEOs). Four to five years after graduating, PEOs are evaluated.

A successful outcome-based curriculum must integrate each course's outcome with the desired programme outcomes (POs) and program-specific outcomes (PSOs). Looking at how thoroughly the outcomes are covered and assessed in the curriculum is made possible by the CO-PO mapping. The department has established its own PSOs of each course in accordance with the programme outcomes specified by the university curriculum and advice from industry experts using Bloom's Taxonomy – recommended action verbs for different learning levels. In order to deliver education adopting a student-centric approach and a teaching and learning process that is outcome-focused, the Institute has introduced outcome-based education (OBE).

Program Outcomes (POs), Program Specific Outcomes (PSOs) of all the UG and PG Programmes have been disseminated to the stake holders via college website (www.sstcollege.edu.in) & College Notice Boards.

The Board of Studies (BOS) for each programme deliberates and approves these COs. The College Website and the College Notice Board both display the COs for each course (www.sstcollege.edu.in).A correlation is established between COs and POs, PSOs on the scale of 1 to 3.

Scale	Indication
1	Low Correlation
2	Medium Correlation
3	High Correlation

AVERAGE CO – PO MAPPING

The average mapping of Program outcomes for the given program is obtained by averaging the levels of mapping for each of the courses. Similarly the averaging is done for Program specific outcomes as well.

A CO – PO Mapping Matrix is prepared for all courses in each program. The Sample CO – PO mapping Matrix is given below.

Conduct of Examination for Academic Year 2020 - 21

● **Mode of Examination**

All undergraduate and postgraduate exams, including Second Half 2020 & First Half 2021 for regular and ATKT students, were administered online for the academic year 2021–2022 in accordance with University of Mumbai regulations.

With reference to the University Guidelines the examination of First Year & Second Year

All online exams required to be proctored in accordance with University of Mumbai's regulations for the administration of online exams. As a result, the software that was chosen had a proctoring feature.

● **System of Monitoring**

In the world of online learning, automated proctoring is a contemporary method of exam supervision that has gained enormous popularity. It employs artificial intelligence (AI) technology to track students' performance and conduct during tests and seek for any indications of plagiarism or other irregularities.

Exams may be taken practically anywhere as long as the student has access to a computer and an internet connection. Automated proctoring operates very differently. The auto proctoring technology monitors them as they take the exam on their smartphone.

To detect any instances of cheating or other undesirable conduct from each student, auto proctoring uses AI technology and algorithms. Utilizing screen sharing, camera, and microphone feeds, it keeps tabs on their movements.Auto proctoring systems are able to recognise any indications of suspicious conduct using this set of feeds and technology. A human teacher can subsequently check all of the logged files to validate or refute any suspicious activity that was noticed by the algorithm. If something odd is discovered, the system notes it.

- **INTIMATION OF EXAMINATION SCHEDULE TO STUDENTS**

The college website and the official Whatsapp group for students were used to convey notices and circulars regarding tentative examination schedules, examination time tables, filling out examination forms (Regular and ATKT), result and grievance redressal mechanisms & students were provided helplines and a helpdesk id to contact in the event of any complaints.

- **EXAMINATION SCHEDULE / NOTICE :-**

The Examination Committee circulates Notices/Circulars for students/Teaching and Non-teaching staff pertaining to all aspects of conduct of examinations via College website & College Notice Board at least one month before the commencement of such examination.

SSTIAN RESEARCH AND CONSULTANCY CELL (SSTRAAC)

SSTian Research and Consultancy Cell (SSTRACC) of SST College established in 2019 coordinates the institution's research activities and makes efforts to foster a supportive research culture on campus. The Cell monitors, helps with, and assesses the research operations. It offers a forum for facilitating discussions, disseminating research findings, and keeping up with the most recent advancements in the research community.

VISION

The College has played a significant role in promoting research and consulting through its dedicated faculty members in the fields of science, the arts, and business. At the national and international levels, the college faculty members have published works with high citation counts and impact factors. In order to strengthen research activities, the college encourages high-quality research in rapidly developing scientific fields and other areas of social importance. Our objective is to reach a higher level of competence comparable to that of world-class research institutes and elite universities.

MISSION

To encourage and motivate faculty, research scholars, and students to publish articles in peer-reviewed journals, as well as to facilitate their active participation in conferences, seminars, workshops, and symposiums for the advancement of their knowledge and the continuation of quality research that contributes to the development and growth of the nation through socioeconomic and scientific outcomes.

ITS OBJECTIVES ARE :
- To review research and project proposals from the faculty and institution beforesubmitting them sponsoring agencies.
- It conducts regular evaluations of the institution's overall research activities and itsdevelopment programmes.
- To assist in developing the proposals for holding seminars, workshops, andconferences.
- Exchange of faculty to foster multidisciplinary research

SSTRACC organises an International National Conference and Nav-pravartan research convention every year to bring together all the scholars, mentors, students, and academicians to reflect on their research areas and to share their thoughts on the creation of new knowledge as part of its initiative to achieve excellence in research and to develop as a thought leadership centre.

The conference empowers students and faculty members at the institution to network.

- Determine research frameworks, survey them, and list the prevailing paradigms.
- Develop Effective research writing applications
- Learn about patents, intellectual property rights, and funding organisations and programmes.
- Provide an opportunity for the institution's students and teachersto present their research work for the year.
- Present a resource compendium on socially responsible research and bringforth significant researchable challenges.

Concerning the accomplishments of research centres, we participated in the Avishkar research convention hosted by Mumbai University, and two students were chosen for the final round. Out of the ten papers published in the previous academic year (2021-22). We encourage project-based learning, and 40 students attended the Avishkar research convention and the Nav-Pravartan research convention.

SSTIAN INNOVATION AND BUSINESS INCUBATION CENTRE (SIBIC)

Institution has created an eco system for innovations including Incubation centre and other initiatives for creation and transfer of knowledge.

An eco system has been created in the institution to promote innovation, transfer of knowledge and entrepreneurship. As part of innovation, SSTian Innovation and Business incubation Center (SIBIC) has been set up in the year 2011-2012 for nurturing innovative ideas from the students. Initial amount has been sanctioned by Trust to establish SIBIC in the institution for 11 years starting from the academic year 2011-12. As part of this initiative, Ideation contests were conducted every year. The students participated in large number and showed enthusiasm towards innovation and its practice. The institute provided necessary facilities and financial support upto to carry out each of these projects. A Committee consisting of experts from diverse fields representing industry, banking and other allied areas are involved in the short listing of innovative ideas for pursuing further.

As part of choice based education system, the students are encouraged to take up co-curricular activities involving project based learning which culminate into creation of innovative knowledge helpful for the society. Students are encouraged to take up research projects as part of their semester V and Semester VI project work. Students are encouraged to take up and participate in code development activities such as Hackthons and Coding contests etc., which train the students towards innovation.

Faculty is encouraged to conduct research activities and make publications in the journals of repute for knowledge sharing. The institution has the practice of conducting various workshops and conferences periodically for creation and sharing of knowledge. They are also encouraged to contribute to national and international conferences conducted outside the institution as part of this initiative. Similarly some of the faculty members have published technical books as a part of initiative for knowledge creation and transfer.The faculty has been encouraged to take up Intellectual Property rights as an initiative towards innovation and knowledge sharing. The faculty delivers guest lectures and expert lectures to other institutions as part of knowledge sharing.

The club has organized many programs for students and faculty students in activities including formulation of business plans, sourcing of funds for projects and managing various dimensions of business such as purchase, production, inventory, accounting, marketing and quality control, designing and reporting. In collaboration with the Ecology " Best out of Waste", Program was conducted. Students collected waste materials , recycled and converted to T- Shirts and sold out in the campus.

Energy Swaraj Foundation organized a Boot Camp for 600 students and 40 faculty collaborating with SSTian SIBIC (SSTian Innovation and Entrepreneurship Development Cell). They gained hands on experience in various dimensions of designing a Solar System.

The Diwali sale, a long-standing tradition, gives visibility and recognition to our alumni entrepreneurs and other scholars.

4.2.1 Library Automation: Integrated Library Management System

The SST college library is fully computerized using SOUL 3.0 integrated library management software (ILSM). The collection of the library is available online through the WebOPAC (http://library.sstcollege.edu.in/).

Software for University Libraries (SOUL) is a state-of-the-art integrated library management software designed and developed by the INFLIBNET Centre based on the requirements of college and University libraries. It is a user-friendly software developed to work in a client-server environment.

AUTOMATION DETAILS:

Name of the LMS software	SOUL
Nature of Automation	Fully automated
Version	3.0
Year of Automation	May 2018

The following services are operating through SOUL 3.0

- ➢ Acquisition
- ➢ Cataloging
- ➢ Circulation
- ➢ Serial Control
- ➢ Stock Verification
- ➢ Generation of Reports
  - i.   No Dues
  - ii.   Check-in and check-out of library visitors
- ➢ WebOPAC

The SOUL 3.0 consists of the following Modules:

1. Acquisition module
2. Cataloging module
3. Circulation module
4. Serial control module
5. Administration module
6. OPAC

Following is the home page of the ILMS (SOUL 3.0) admin portal. It has different modules like Acquisition, Catalogue, Circulation, Serial Control, OPAC, and Administration. These modules are used to classify, catalogue, and circulate library materials. Apart from these, it is also used to customize the software according to the college's needs.

Soul 3.0 Modules

Use of Different Modules:

1. Acquisition Module:

The acquisition module enables library staff to handle the following functions:

- ➢ Suggestion Management
- ➢ Order processing, cancellation, and reminders
- ➢ Receipt, payment, and budgetary control
- ➢ Feed data of currency, vendors, publishers, etc.

IQAC

The Internal Quality Assurance Cell (IQAC) is a quality assurance mechanism established in 2018 s to ensure that the institution's academic and administrative activities are of high quality and meet the needs and expectations of its stakeholders, including students, parents, faculty, staff, and the community. The IQAC is responsible for developing and implementing policies, procedures, and systems that ensure continuous improvement in the quality of education and the institution's overall performance.

The IQAC's primary objective is to develop a system for conscious, consistent, and catalytic action to improve the institution's academic and administrative performance. It aims to promote excellence in teaching, learning, research, and community service while ensuring the highest standards of integrity, ethics, and social responsibility. The IQAC is also responsible for preparing the institution for accreditation by external agencies such as the National Assessment and Accreditation Council (NAAC) in India or other similar accrediting bodies in other countries.

The IQAC's activities include setting up quality benchmarks, conducting internal audits, organizing faculty and staff development programs, facilitating the creation of policies and procedures, collecting and analyzing data on academic and administrative activities, and preparing reports on the institution's performance. The IQAC also promotes best practices and innovations in teaching, learning, research, and community service and encourages the use of technology and modern methods of education.The IQAC at sstc meets regularly, at least once a quarter, to review the institution's performance and progress towards meeting its goals and objectives.

The functions of the IQAC include:

➢ Developing and implementing quality benchmarks for various academic and administrative activities.

➢ Facilitating the creation and implementation of academic and administrative policies and procedures.

➢ Conducting regular assessments and evaluations of academic programs and administrative processes.

➢ Identifying areas of improvement and recommending appropriate actions to address them.

➢ Encouraging the use of technology in academic and administrative activities.

➢ Promoting research and innovation in the institution.

➢ Ensuring compliance with regulatory requirements and accreditation standards.

The IQAC is a critical component of SSTC that is responsible for ensuring continuous improvement in the institution's academic and administrative performance. It works towards promoting excellence in teaching, learning, research, and community service while ensuring the highest standards of integrity, ethics, and social responsibility.

REPORT ON ASHADHI EKADASHI

SUMMARY REPORT

Aashadhi Ekadashi' is one of the major festivals celebrated in the state of Maharashtra in India in worship of Lord Vithoba or 'Vitthala' as he is lovingly addressed by his devotees. The devotees from the states of Maharashtra and Goa thronged Prasanthi Nilayam to celebrate Aashadhi Ekadashi at the lotus feet of their Lord Vitthal. It is a festival of religious procession which is celebrated during the month of June-July, as per the Marathi Calendar, it is Aashadh Shukla Paksha. People consider the two eleventh days, Ekadashi, of every month to be of special significance. And the eleventh day (Bright) of Aashadh is known as the Maha(great) Ekadashi. We celebrate this festival in the form of promoting the tree plantation and giving a message to the people by carrying out a procession known as Vriksha Dindi in the style of tradition of DINDI (WARI).

REPORTS ON GURUPOURNIMA

SUMMARY REPORT

We want to give a little introduction to a very auspicious day "GURU PURNIMA". A Guru can save us from the pangs of ignorance (darkness) by applying to us the balm of knowledge or awareness of the Supreme. I salute such a Guru. Guru Purnima is celebrated on the full moon day in the month of Ashadh (July) of the Hindu calendar to pay our homage to the lineage of spiritual masters. It coincides with the holy birthday of Shri Veda Vyasa, the compiler of the four Vedas and eighteen Puranas. This year, the sacred day fell on 5th July 2020 as per the English calendar. Pournima is one such day when the Guru or the teacher is worshipped for the work they have done for their disciples. It is actually a combination of two Sanskrit words "Gu" and "Ru". "Gu" in Sanskrit means ignorance or darkness and "Ru" means the removal of the darkness. Basically, the person who is responsible for removing the darkness is known as Guru.

REPORT ON ANNUAL FUNCTION GOONJ (THE VOICE OF YOUTH)

SUMMARY REPORT

Apart from the curriculum and academics the colleges/institutions are meant for 360-degree personality development of students. These objectives are achieved through the extra and co-curricular activities; to do so every year we organize annual gatherings to give exposure to other co- curricular activities like dance, singing, drama, fashion show, literary and fine arts events.

This year's annual gathering was organized on 17th to 20th of March on virtual Background. Our guests of honours were welcomed open heartedly by Students and SST family. Event started with classical dance (Bharat Natyam). Students paid tribute to guests of honours by special guest performances. Total number of students who had participated in online Goonj was 232.
