## Education for Dropout Students (Zhadakhalchi Shala) Summary Report

**Venue: Adopted Village**

**Date: 1<sup>st</sup> to 7<sup>th</sup> March, 2021**

**No of Participants: 22**

The initiative "Zhadakhalchi Shala" was to provide education and support to children between the ages of 7 and 14, who were children of Vitbhatti laborers and senior citizens who could not attend school due to financial constraints. 22 NSS volunteers organized and conducted a series of lectures for the children in the adopted village of Jambhilghar Rahtoli. The lectures took place from 1st to 7th March and aimed to teach basic language and mathematics skills. Due to the lack of a formal school infrastructure, the lectures were conducted under a tree in the village. Despite the limited resources, the volunteers made the best use of the available space to create a conducive learning environment. To facilitate the teaching process, the volunteers arranged basic educational equipment such as slates and chalk. These materials helped the children actively engage in the learning activities and practice their newly acquired skills.

The "Zhadakhalchi Shala" initiative successfully reached out to children who were unable to access formal education due to financial difficulties. By providing them with basic education and necessary support, the volunteers aimed to equip these children with essential skills for their personal and academic growth. Overall, the "Zhadakhalchi Shala" initiative demonstrated the dedication and commitment of the NSS volunteers in bringing education to marginalized children. By empowering these children with knowledge and skills, the initiative aimed to break the cycle of poverty and provide them with better opportunities for the future.
