Walk with Scholars

Objectives:

1. To impart knowledge and wisdom among the students by fast learners.
2. To explore and have a strong foothold with nurturing creative thinking.

Outcomes:

1. It enables fast learners to explain their area of interest to all students.
2. It focuses on holistic development of the students, aiming to enhance the personal and interpersonal skills

Summary Report:-

An initiative to promote specialized mentorship programmes for advanced learners to acquire life skills for their future. The scheme aims to prepare students for success by teaching them fundamental life skills such as decision-making, problem solving, creative thinking, effective communication, interpersonal connections, and self-awareness.

Day 1

One Week FDP on Latex

Objectives:

- 1) To introduce the absolute beginners.
- 2) To learn the basic commands in LaTeX
- 3) To write documents in LaTeX .

Outcome:-

This one week FDP had given comprehensive theoretical and hands-on practical experience on LaTeX to the faculty members.

Summary report:

Date: 18th to 23rd July, 2022

Time:-1.30 p.m. to 3.30 p.m

Platform: - Virtual

No. of Registration: - 315

Resource Person: Dr. Pramod Musrif , Mr.Shital Patil, Mr. Sandeep Borgaonkar

Department of Commerce (Accounting and Finance), conducted one week of "National level Faculty Development Program on the Latex" from 18th to 23rd July 2022, for all faculty members. The resource person of the program, Dr. Pramod Musrif, Mr. Shital Patil, and Mr. Sandeep Borgaonkar gave the introductory speech about the FDP on Latex.

Day 1:

You tube link: -https://docs.google.com/spreadsheets/d/1Bq5LIT6N6XoXBxpR_SfJE18rs-Qg1mzVxdB8tqNFg8/edit?usp=sharing.

The first session started with an introduction to Latex and its use in academic and research settings. The offline Latex programme was explained, and then a hands-on login session with the overleaf - Latex compiler was conducted online.

Furthermore, how to utilize the Latex compiler and the basic syntax of Latex, as well as how to run the syntax, were thoroughly described. The session benefited 208 faculty members.

Induction Programme

Objectives:

- 1) To provide the new students with necessary information, resources, and motivation
- 2) To ensure their effective integration into the new work environment.

Outcomes:-

Induction programme helped in the development of theoretical and practical skills of the students. It met interaction needs that exist among the new students.

Summary Report:

Date: 25th July, 2022

Time:-11:00 a.m.

Room No. : -201

No. of Participants: - 75

Resource Person: Asst. Prof. Varsha Sawlani

Department of Accounting and Finance has conducted an induction Programme on 25th July, 2022 in room no. 201 at 11.00 a.m. 75 students attended the induction session. Asst. Prof. Varsha Sawlani and Asst. Prof. Anil Telinga delivered the entire session highlighting college infrastructure, Scope of BAF course and different curricular and co-curricular activities available in college. Students were also emphasized over compulsory attendance.

The major objective of the Induction program was to make students aware of the academic aspects of the course and the rules and regulations of Colleges. The presentation created a significant impact on the students, and it will help to motivate them to touch great heights. The students were made aware of academic terminology – Choice based education, Outcome based education, Credit system, Grading system, conditions for Vertical Progression, Assess points, and conditions for the award of the degree and rank, Attendance requirements, Course duration and earning of Activity. The first year courses were introduced to the students and the Foundation course (Plain/NSS/NCC/PE) was discussed in detail.

Library Orientation Programme

Objectives:

- 1) To educate the students on how to use libraries-their sources and services.
- 2) To inspire and motivate the participants to upgrade their skills in using e-resources.

Outcome:

It created confidence in the Students and encouraged them to use the library effectively.

Summary Report:

Date: 04th August, 2022

Time:-10:00 a.m.

Room No.:- 11

No. of Participants: - 60

Resource Person: Librarian Ms. Vandana Chandanshiv

The Orientation of the library took place for the Department of Commerce (Accounting and Finance) on 4th August, 2022. The programme was led by the librarian, Ms. Vandana Chandanshiv. The resource person emphasized on Digital library's role in supporting the teaching and learning activities of the parent institution and expressed concern about the emergence of new technology in libraries. Ms. Vandana Chandanshiv also highlighted the importance of e-resources in the academic process. The training programme was successful in creating awareness as well as acquainting the participants with the e-resources available under Del-net and N-list. The programme inspired and motivated the participants to upgrade their skills in using e-resources. The overall orientation programme was very informative and was well appreciated by the participants.

Department of Commerce (Accounting and Finance) organized a webinar on the “basic ideas of data interpretation” on 20th Sept. 2022. The session started with a brief introduction given by Asst. Prof. Maithili Gaurishankar about the resource person Dr. J. Kannan. The virtual platform was then led by Dr. J. Kannan. He explained that data interpretation is the process of analyzing and making sense that can be used to draw decisions and conclusions. He also explained the basic concept of collecting data, analyzing data, and drawing conclusions and findings. In conclusion, Dr .J. Kannan answered all the questions placed by the students, leaving no stone unturned. Overall this data interpretation webinar proved a critical component of decision making and now the students can use it in a variety of fields, including business, healthcare, education and social sciences.

Cancer Awareness

Objectives:-

- 1) To help people recognize the early signs and symptoms of cancer, thus enabling them to seek treatment at an early stage.
- 2) To early detection and better health-seeking behaviour.

Outcome:-

Students came to know how to reduce their health risk, and enjoy a healthy and happy life. Students also understand how to support those with the disease, as well as help people reduce risks to potentially prevent cancers.

Summary Report:

Date: 22nd September, 2022.

Time:-2:00 p.m. to 3:00 p.m.

Virtual link: - <https://youtu.be/bzTjrKvhviM>

Resource Person:- Ms. Heena Pasiand, Ms. Rita Shah (Senior Clinical Psychologist) Number of attendees:-162

The cancer awareness webinar was started at 2p.m. on 22nd September, 2022. The welcome speech was given by Asst. Prof. Ms. Mithili Gaurishankar, faculty member of Department of Commerce (Accounting and Finance). The detailed explanation about the internship videos about cancer awareness was explained by Dr. Varsha Sawlani, Coordinator, Department of Commerce (Accounts and Finance). She explained, What is cancer? , Why is cancer on the rise? , Geography of cancer, Risk factor, about cancer, Preventions, cancer detection center.

The students learned in internship, from the videos given by Indian Cancer Center.

The session was taken over by Senior Clinical Psychologist Ms. Heena Pasiand NLP Master Practitioner Ms. Rita Shah, both explained about the concept Introduction of the trust- Naraindas Morbai Budhrani Trust, About cancer, Cancer in children and adults, Causes, Myths and facts, Prevention, Whom to reach?, Treatment available, Sideeffects, Post treatment care and Emotional support Finally the session ended with vote of thanks delivered by Ms. Mithili Gaurishankar

Screenshots of the session:

What is Cancer?

- Cancer is a class of diseases characterized by out-of-control cell growth.
- Cancer is ultimately the result of cells that uncontrollably grow and do not die.

Cancer classification

- Carcinomas
- Sarcomas
- Lymphomas
- Leukemia
- Adenomas.

Normal Cells

- Normal cells, which undergo the process of cell division.
- Regulate the rate and volume of cell division.
- Cells that die to target and protect their normal.
- Abnormal growth of cells without a regulatory mechanism.
- Normal cells, which undergo the process of cell division.

Cancerous Cells

- Abnormal growth of cells without a regulatory mechanism.
- Normal cells, which undergo the process of cell division.

Symptoms include:
Fever, fatigue, excessive sweating, anaemia, tumour or a wound that hasn't got better and unexplained weight loss and weakness.

Myths & Facts

- <https://www.youtube.com/watch?v=QomoNykqvg>
- Is Cancer equal to Death
- Is it Contagious?
- If someone in my family has cancer, will I get it too?
- Cancer always comes back!
- There is no cure for cancer.

Whom to reach out???

- Reach out to an expert.
- Government hospitals like B Y L Nair Charitable Hospital, KEM Hospital.
- Special breast cancer units in KEM and Nair hospitals on Wednesdays.
- Tata Memorial Hospital.

Some Mixed Emotions

- Fear of recurrence
- Anxiety
- Body Image Issues
- Sadness
- Depression
- Grief
- Guilt
- Anger
- Emotional numbness
- Spiritual distress

CYBER SECURITY AWARENESS

Objective:

- 1) To recognize the importance of data security, maintaining data integrity, and confidentiality,
- 2) To discuss security threats.
- 3) To identify preferred practices for authentication, encryption, effective passwords.

Outcome:

- 1) Students learned how to protect and defend computer systems and networks from cyber security attacks.
- 2) Students came to know how to diagnose and investigate cyber security events or crimes related to computer systems and digital evidence.
- 3) Students learned how to effectively communicate in a professional setting to address information security issues.

Quiz-Sanvidhan Divas

Objectives:-

To commemorate the adoption of the Constitution of India.

Outcome:-

Students became aware about different Constitution of India

Summary Report:

Date: 26th November, 2022

Platform: Online

No. of participants:-40

The Department of Commerce in Accounting and Finance of SST College conducted an "Online Quiz on World Samvidhan Divas" on 26th November, 2022.

Constitution Day is also known as the 'Samvidhan Divas'. It is celebrated for paying tribute to Dr. B.R. Ambedkar.

The Constitution of India is framed by the Constituent Assembly. The Constituent Assembly of India appointed a total of 13 committees to deal with different tasks related to the framing of the Constitution. There were 8 major committees and the rest were minor ones.

The event informed students about the celebration of the constitutional day. It was a test of mental acuity. This quiz was enthusiastically attended by 14 students. As a token of appreciation, the certificate was awarded to those students who scored more than 50%.

UPI Scams

- Online payments services like Google Pay, Paytm, and PhonePe have grown in popularity over the past few years thanks to the government's 'Digital India' push.
- UPI has made it easy for users to transfer money and our dependence on these services may have even increased during the ongoing coronavirus lockdown as people are forced to stay at home and make payments online instead of doing it in person via cash.
- This is the time to be extra vigilant when it comes to UPI scams as fraudsters try to dupe unsuspecting users since scammers are always on the lookout to trick users into giving them money directly from their bank accounts, and UPI is a great tool for them to do so.

Interdepartmental Student Exchange Programme

Objectives:-

1. To develop their work experience by seeing how their studying profession is practiced in another country.
2. To develop self-confidence in students and help them prepare themselves for the course.

Outcomes:-

Students learned the techniques for handling all challenges related to their course.

Summary Report:

Date: 10th January, 2023.

Time:-12:00 a.m. to 1:00 p.m.

Venue: - Room No. 208

Speaker:- Ms. Renuka Agrahari

No. of Attendees:-39

The BAF department at SST College organized an interdepartmental student exchange plan to allow students from different academic departments within the college to swap places for a set period of time. This programme's goal was to help students widen their academic horizons and develop a greater grasp of various disciplines of study while also encouraging cross-disciplinary collaboration and cooperation. Ms. Renuka Agrahari was the programme's speaker. Ms. Renuka Agrahari is one of SST's rising stars, she spoke very well on this programme about how an interdepartmental student exchange programme can be a valuable and rewarding experience for students looking to broaden their academic knowledge and gain new perspectives on their own field of study.

There is no doubt that this programme will surely bring a unique and enriching academic experience that can have a lasting impact on students personal and professional growth. The programme ended with the vote of thanks given by Asst. Prof. Anil Teling.

Webinar on World Pi-Day

Objectives:

- 1) To raise awareness about the importance of mathematics and its role in shaping our world.
- 2) To promote the beauty and relevance of mathematics to a wider audience.

Outcomes:-

Students got annual opportunity to recite the infinite digits of Pi.

Summary Report:

Date: 14th March, 2023

Time:-11.00 a.m. to 12:00 p.m.

Platform:-Virtual

No. of Attendees: More than 160 views

Resource Person: Dr. K. Dhanalakshmi(Dean of Academic affairs, Associate Professor and head Theivanai Ammal College for women, Villupuram, TamilNadu.) You tube link: <https://www.youtube.com/live/EpUgbK6yrpo?feature=share>.

Number of views:- 160

The Department of Commerce (Accounting and Finance), conducted the "Webinar on the World Pi-Day" on 14th March, 2023, for all students.

Dr. Dhanalakshmi (resource person) began the session with the introduction and importance of Mathematical Symbol Pi. The resource person explained who created the Pi, why Pi day is celebrated and many more information was shared by Dr. Dhanalakshmi regarding Pi. All the Facts about Pi were elaborated in detail.

A world without pi would have been very different, but thanks to all the participants with bright minds, who don't need to speculate about that world and instead enjoy the world as with knowledge of Pi.

The session ended with a vote of thanks given by Ms MithiliGaurishankar.

Crash Courses

Objectives:

- 1) To help students to enhance their problem-solving skills.
- 2) To teach a particular topic within a very short period of time.

Outcome:

Students understood the time management and also how to do preparation for the exam.

Summary Report:

Date: 20th April, 2023

Time:- 11:00 a.m. to 12:00 p.m.

Platform:- Virtual

No. of Attendees:-53

Resource Person: Dr. C.A. Bhavna Binwani

In the crash course on taxation which was held to the T.Y.B.Com.

(Accountancy and finance) students by the resource person

Dr C.A. Bhavna Binwani delves into the topic of indirect taxes,

specifically focusing on Indirect Tax III. Students came to know how Indirect taxes are levied on goods and services rather than directly on individuals or entities. How it is being collected by intermediaries, such as manufacturers or service providers, who pass on the tax burden to the final consumer. Through this crash course, students came to know about how Indirect taxes play a significant role in generating revenue for governments and influencing consumer behaviour.

DIRECT TAX AND INDIRECT TAX

- The word tax has been derived from the Latin word "Taxo" which means touch sharply or charge. Tax is a charge which is levied by the Government on a product, income or activity. Basically it is the amount which is mandatory to pay to the government so that it can fund various public expenditures. In short taxes are the source of income for the government.

The taxes are basically of two types :

- **1. Direct Tax**
Direct tax is a type of tax where the incidence and impact of the taxation fall on the same person. So, in simple words the burden can't be shifted by the taxpayer to someone else. Example are: Income tax, Wealth tax, Property tax and Gift tax.
- **2. Indirect Tax**
Indirect tax is a type of tax where the incidence and impact of taxation does not fall on the same person/entity. The impact and incidence of Indirect taxes are on different persons/entities. Indirect tax has the effect of raising the price of the products and services on which they are imposed. GST, Customs duty, central excise are examples of indirect tax.
