FINANCIAL ASSISTANCE FOR PURSUING ASPIRATIONS

THE CONTEXT

To achieve our vision of becoming an institution that provides affordable quality education through innovative teaching and learning, equipping students with knowledge and skills in their chosen field, instilling values, and identifying hidden talents, we provide financial assistance to needy, deserving, and scholar students through fee concessions or fee instalment facilities, or by assisting them in obtaining various scholarships. The institution was established to provide higher education to Ulhasnagar city and neighbouring area students.

Due to financial constraints, many students cannot complete their higher education. Some come from the households where higher education is being sought for the first time. These youngsters struggle to finance college fees. Due to financial hardship, some students with hidden skills in sports, culture, and other sectors fall behind. Financial aid for students is primarily divided into three categories.

1. Financial aid for female students
2. Awards to deserving and financially needy students
3. Student Sports Scholarships

Without making any distinctions based on caste, race, or gender, the management offers financial assistance to all of the aforementioned students. To identify the students who deserve financial aid, a team of college lecturers is at work. As was already indicated, the need and academic achievement of the students determine who receives financial aid. After carefully examining the supporting documentation and rigorously adhering to the rules established for the specific purpose, the committee determines the list of students who are eligible for financial aid. College pays the tuition and examination fees for regular and deserving students who are unable to pay the fees because of their financial situation.

OBJECTIVES OF THE PRACTICE:

The college gives out a sizable amount of financial aid each year with the intention of providing students, professors, non-teaching staff, and society with financial and other help while keeping in mind the following noble objectives.
