# Summary Report On Tree Plantation

## Objectives:

1. Cultivate a sense of responsibility and care for the environment among students, encouraging them to take proactive steps to protect and conserve natural resources.
2. Engage students with their local communities through tree planting activities, fostering collaboration and a sense of belonging.

## Outcomes:

1. Increased understanding of the importance of trees and forests in environmental sustainability and ecosystem health.
2. Students feel empowered to take action on environmental issues, both individually and collectively, within their communities.

Preserving the environment and having eco-friendly activities, the "Tree Plantation Event" was conducted on 14th January 2022. The event began with welcoming heads of all departments, staff, and students' participants at 9:30 AM. 15 students, and staff members have participated in the event. All the participants have planted more than 50 saplings around the campus and. At the plantation of saplings, all have recited a shloka to maintain the divinity between the human and nature.

# Summary Report Poster Competition

**No.of Students Participants:22**

## Objectives:

1. Encourage students to express themselves creatively through visual mediums, fostering artistic skills and self-confidence.
2. Provide an engaging platform for students to research and learn about a chosen theme, fostering curiosity and critical thinking.

## Outcomes:

1. Students develop their artistic skills, including design, illustration, and typography, through the creation of their posters.
2. Students learn to communicate complex ideas concisely and effectively through visual means, enhancing their communication skills.

The Nature club committee of S.S.T College of arts and commerce had organized an Poster Making Competition for the students which was held on 28th January 2022 .The objective of the competition was to ignite the fire of imagination, awareness and creativity in the students. The young learners displayed their artistic skills through an array of posters. Around 15 students participated in the competition with immense zeal and enthusiasm and made beautiful posters which gave us the message of saving our planet earth & providing a best to our future generations. It was a great opportunity to watch these young minds creating and displaying their ideas on paper.

# Summary Report on Poetry Competition

## No. Of .Students Participants: 15

## Objectives:

1. Foster creativity and self-expression among participants by providing a platform for them to explore their thoughts, emotions, and experiences through poetry.
2. Boost participants' confidence in their writing abilities and public speaking skills through the presentation of their poems in front of an audience

## Outcomes:

1. Participants develop their writing skills, including vocabulary, grammar, and poetic techniques, through the process of crafting their poems.
2. Participants experience personal growth and self-discovery as they explore their thoughts, feelings, and identities through poetry

**Poetry is simply the most beautiful, impressive, and widely effective mode of saying things."**

A Poetry Recitation Competition was organized on 11th February, 2022 at S. S. T. College of Arts and Commerce by nature club committee. Beauty is the realm of poetry; the students enthusiastically participated in the competition as they got an opportunity to exhibit their talent and confidence. The competition inspired the young poets to come forward and recite on stage. The students came up with different poems on the theme "Nature" and recited them with great fondness and zeal for the country. They enjoyed the perfection of expression, thoughts, emotions, rhythm and music of words. In this 15 students took part.

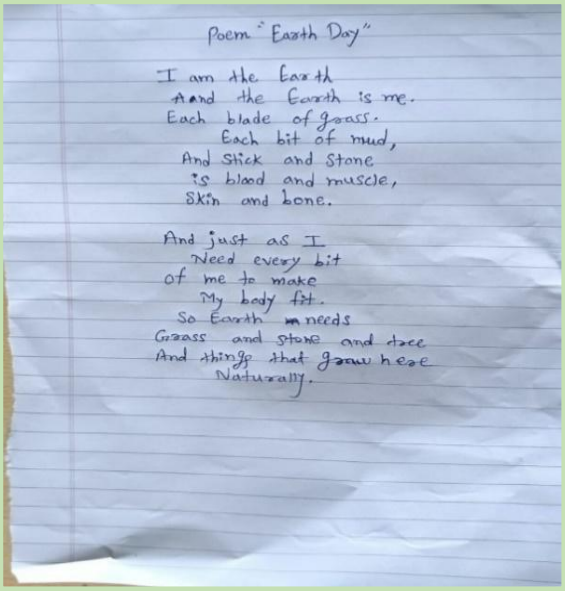
## GLIMPSES OF ACTIVITY



Poem "Earth Day"

I am the Earth
And the Earth is me.
Each blade of grass.
Each bit of mud,
And stick and stone
is blood and muscle,
Skin and bone.

And just as I
Need every bit
of me to make
My body fit.
So Earth needs
Grass and stone and tree
And things that grow here
Naturally.

# Summary Report on Bird Water Feeder Activity

## No.of Students Participants: 12

## OBJECTIVE:

1. To make the students aware about entrepreneurship skills, experiential learning, out-of-the-box thinking that leads to innovation, soft skills training, and stimulate creativity among the students.

## OUTCOME:

1. It's a great opportunity to discover emerging talent among students, educate them about environmental challenges in India, and raise their awareness of environmental safety, and optimum utilization of resources.

Nature Club Committee of S.S.T.College of arts and Commerce organized Bird water feeder activity on 15th March,2022.To create awareness 0f wildlife and urban birds students at the Nature club committee exhibited specially designed bird feeders, water bowls for birds. About 25 models of bird feeders made up of bamboo, coconut shell and other discarded materials and water bowls will be placed in various places.

“Feeding birds and quenching their thrust should be taught to students and sensitizing them to love nature.
