Nature Club

2022-23

List of Activities for the Year 2022-23

Sr. No.	Name of Activity	Date of Activity	No. of Participants
1.	Inauguration of Nature Club	28th September 2022	25
2.	Best Out Of Waste Activity	30th September 2022	30
3.	Visit To Devrai Forest	4th February 2023	27

Summary Report on Inauguration of Nature Club

Objectives:

1. Educating the students to minimise the usage of plastics.
2. Implementing small level projects which helps to create interest towards farming activities.
3. To empower and educate students about the importance of environmental conservation and to create awareness about major environmental problems.

Outcome:

1. Students may participate in conservation projects such as tree planting.

The college inaugurated the nature club activity for the academic year 2022 -2023 on 28th September, 2022 at 10.30 pam. The program started with a silent prayer followed by lighting of the lamp by the dignitaries.

Nature Club Member Mrs Namrata R.Singh, Asst. Professor, delivered the welcome speech. The programme was presided over by Principal, Dr.J.C.Purswani. During his Presidential address he emphasized the role of young students in protecting our nature Principal, Dr.J.C.Purswani IQAC Coordinator inaugurated the function. During his inaugural address about the importance of forest for the sustainability of future generations. He promoted the students to plant more trees in the surrounding areas and offered help for the same.

Glimpses of the Activity:

Students and Faculty members attended Inauguration Ceremony

Dr. J.C. Purswani addressed about the importance of the environment.

Summary Report on Best Out Of Waste

Objectives:

1. It encourages participants to think creatively and imaginatively about repurposing materials that would otherwise be discarded.
2. It raises awareness about the importance of recycling and reusing materials to reduce waste and minimize environmental impact.

Outcome:

1. Students learned how they can use waste materials to make the useful product by creative and design thinking.
2. Students participated enthusiastically and enjoyed the activity. They learned to reuse the waste material which contributes to save the environment.

Nature Club organized a “Best out of Waste” on 30th September, 2022. The competition was based on creative and innovative utilization of waste materials which normally being discarded in our homes. The aim of this activity was to encourage students to use their creativity and innovation to use the waste materials available at their home, where the final output must-have utility.

Glimpses of the Activity:

Student made best out of waste from Nutshell

Bird Nest house made from waste materials

Summary Report on Visit to Devrai Forest

Objectives:

1. To increase students interest in their local environment and achieve academic goals.
2. To spread the message save trees, save lives and create awareness among the students regarding the importance of ecology and the natural environment.
3. To spread awareness for saving the environment
4. The Objective of tree plantation drive were to enhance the tree cover on the area and to sensitize the student towards importance of trees.

Outcomes:

1. The outcomes of tree plantation initiatives involving students include fostering environmental awareness and stewardship among the younger generation, promoting a sense of responsibility towards nature, enhancing practical knowledge about ecosystems and biodiversity, and instilling important values such as teamwork and community engagement

SUMMARY REPORT ON VISIT TO DEVRAI FOREST

Venue:-Devrai Forest (Titvala)
Date:- 4th March , 2023
Time:- 9:30 a.m.
Total No. of Students Present:- 27

The tree plantation event took place on 4th March, 2023 at Devrai forest Titvala The event was organized by Nature Club Committee of S..S.T.College of Arts& Commerce, ulhasnagar-4 in collaboration with Paravaran Dakshta Mandal. . The event aimed to bring together volunteers, community members, and environmental enthusiasts to actively participate in the process of planting saplings. The main activity of the event was the planting of saplings. 60 saplings of diverse species were carefully selected based on their suitability to the local environment and ecosystem. Participants
Were provided with the necessary tools and guidance to ensure proper planting techniques. Alongside the plantation activities, awareness sessions were conducted to educate participants about the importance of trees, their role in carbon sequestration, water conservation, and biodiversity conservation. Mr.Devesh Jadhav and Mr.Aditya Gaikwad environmentalists delivered insightful talks and presentations. Participants were provided with guidelines on post-plantation care and maintenance of the
Saplings. The event saw active participation from 27 Students .The efforts put into organizing and participating in the event will have lasting positive effects on both the local ecosystem and the mind-sets of the community members. Such initiatives are crucial steps towards a greener, healthier, and more sustainable future.

GLIMPSES OF THE ACTIVITY:

Students are participating in the Vandhara project.

Mr. Devesh is providing details about the Devrai forest.
